

Herter Fears Collapse of Geneva Talks Gaffney Resigns Post as Ulster Surrogate

One Sealed Indictment Dismissed Report by Jury Not Made Public

Following the dismissal at noon today of a sealed indictment returned by the special kickback grand jury on June 2, Supreme Court Justice Henry Clay Greenberg, presiding justice, told reporters that a letter was going forward today to the Secretary of State in which the resignation of Surrogate Charles H. Gaffney was being announced. The resignation is to become effective June 30.

Dismissal of the indictment returned June 2 was moved by Special Assistant Attorney General Bernard Tompkins. He said reasons for dismissing the indictment were contained in a statement filed with the court. The reasons for dismissal were also sealed.

Prosecutor, Jury Agree
Special Prosecutor Tompkins stated that since indictment No. 8 was returned on June 2 there had been certain developments and matters which had come to the attention of the grand jury and the office of the special attorney general. As a result, the attorney general was recommending, with the concurrence of the grand jury, that the sealed indictment be dismissed.

He moved for dismissal and under section 671 of the Code of Criminal Procedure reasons for the dismissal were filed with the court. Tompkins then asked that the indictment remain sealed since the name of the person named there in had never been made public.

On motion of Bernard Tompkins Justice Greenberg then dismissed the indictment and directed that the reasons for dismissal be sealed. The dismissal was based Judge Tompkins said on the application of the special prosecutor and the reasons set forth in the statement signed by the foreman and secretary of the special grand jury.

No Other Indictment
Justice Greenberg inquired if there were any other indictments to be reported today. There were none.

Following the adjournment of court, Justice Greenberg informed reporters of the letter of resignation from Surrogate Gaffney.

Special Prosecutor Tompkins made no comment on the resignation other than to say that a "joint statement" had been anticipated.

Herzog Before Jury
The special grand jury was in session today. Among those entering the grand jury room were Sheriff Claude Bell, who remained but a few minutes, and Robert H. Herzog, president of the Kingston Board of Education.

Second Arrest Is Made in Burglary At Ulster Dairy

Lake Katrine state police Monday night made a second arrest in the investigation of a burglary at the Pratt Boice Dairy on Boice Drive, Town of Ulster, which netted the accused youths \$11.85 which was recovered by troopers.

Troopers said Robert Christofora, 20, of 198 Main Street, was taken into custody by Corporal Edward Shannon and Trooper Charles Teelon, on a third degree burglary charge. Arraigned before Justice of the Peace Arthur A. Reilly, Christofora waived preliminary examination and the case was referred to the grand jury for investigation.

Previously arrested on a third degree burglary charge was George Leonard, 17, of 54 Yeoman Street, who had a hearing before Judge Reilly last Thursday. The youth subsequently waived his right to a hearing and the case was referred to the grand jury.

According to troopers, Christofora drove his car to the dairy last Tuesday night, accompanied by Leonard. Trooper Teelon said Leonard is accused of entering the dairy office through an unlocked door while Christofora stayed in his car outside the building. Leonard, authorities said, is accused of taking a cloth bag containing \$11.85, which was recovered. Trooper Teelon said Christofora shared in the loot.

More to Join Merchants' Free Parking

The Fair Street parking lot, which up until last week was leased to a corporation which operated it, has now been taken over by the Uptown Business Men, Oscar London said Monday, and the lot will be operated in the future under the Association's direction.

Will Cut Fee
Relinquishing of the lease by the New York corporation will also bring about a change in policy as well as a change in the parking lot fee, London said. The 20 cent an hour fee which the corporation charged will be cut in half and many more uptown merchants will participate in a one hour free parking plan for customers, London said.

A customer shopping in an uptown store which is a member of the participating plan, should ask the store to place a free parking stamp on their ticket, which will entitle them to the first hour of free parking. Each additional hour will be charged for at half the previous rate, charged by the former parking lot operators.

Adopts 'Leniency'
A policy of "leniency" has also been adopted which in effect means that if a shopper parks a few minutes over the one hour there will be no additional charge for those few minutes.

A car left in the parking lot may remain as long as the shopper desires without fear of receiving a parking ticket after the first hour is up. Charge for the parking will be established when the car leaves the lot.

With the merchants taking over the parking lot adjacent to the Senate House, many more of the uptown business men are joining the "free hour" parking plan, London said, and customers should inquire at the store where they make purchases to have their ticket stamped in order to receive the free hour parking.

Plan Announced To Aid Bus Travel In Uptown Sector

Acting Police Chief Robert F. Murphy today announced regulations effective at 7 a. m. Wednesday to remove city bus travel from congested Crown and John Streets.

Buses will again travel as they did before the one-way street pattern became effective uptown, and a traffic lane to be used by buses only will be established at the same time on North Front Street between Wall and Fair Streets. A bus-stop change is also effective at John and Wall Streets.

City buses will proceed over Wall Street to North Front where they will turn into the bus lane from which they will depart down Fair Street. The route is to be used by the Broadway and Hasbrouck Avenue lines.

For Better Service
"This change," said the chief, will not just keep the buses off Crown and John streets, but will provide better bus service."

Instead of stopping at formerly at the Whelan Drug Store Corner, the buses will cross John Street and stop in the vicinity of the National Ulster County Bank and the Mollott store. Also

Localities Have Major Role in State Economy

NEW YORK (AP)—Local governments carry much of the responsibility for the state's employment and business climate, the state commerce commissioner said today.

Commissioner Keith S. McHugh told the New York State Conference of Mayors in a prepared address that local officials could help by trimming and streamlining government operation, so as to reduce the tax burden.

Heavy local taxes can drive industries out of the state, he said, and overlapping local government operations are sometimes behind heavy local taxes.

Business and employment growth may be retarded by "har-

TWO CRUSHED TO DEATH—A Neversink man and his wife met death Monday afternoon when their car was crushed near Palenville when a tractor hauling a large trailer loaded with machinery. State police said

skid marks indicated the car was traveling in the wrong lane on Route 32. The victims were Francis Moran, 38, of Neversink, Sullivan County, and his wife, Edna, about 41. (Free-man photo).

2 Die as Car Crushed By Trailer in Crash

Two persons were crushed to death Monday afternoon when their car crashed head-on into a machinery-laden tractor-trailer on Route 32 about 1½ miles south of Palenville, and two occupants of the truck were injured.

Leeds State Police identified the dead as Francis Moran, 38, of Neversink, Sullivan County, and his wife, Edna, about 41. Troopers said both were killed instantly. They suffered multiple fractures of the skull, chest and neck.

The tractor-trailer which was transporting a piece of machinery weighing 28,000 pounds, was operated by Henry J. Loback, 35, of Hagerstown, Md. A passenger in the truck was identified by troopers as James Hall, 15, of Wernersville, Pa.

The truck driver was treated at Greene County Memorial Hospital, Catskill, for lacerations and bruises. The boy also was treated.

Continue Investigation
Troopers said they had not closed the investigation of the fatal crash which occurred shortly before 1:30 p. m. They said it had not been established why the Moran car traveling south was on the northbound lane when it crashed head-on into the northbound tractor-trailer.

The force of the impact pushed the passenger car back 75 feet. The wheels and front bumper of the tractor extended into the front seat of Moran's automobile, and Moran and his wife were crushed in the wreckage.

Troopers said tow trucks were used to pry the vehicles apart before the bodies were extricated. The rescue work took approximately two hours, during which time traffic on Route 32 was halted.

Investigating the crash at the scene were State Police Sergeants James Buckley, of the BCI, and S. B. Fitzgerald, and Troopers David Wachtel, A. J. Qua, P. H. Madigan and Fred W. Breiner.

Sound Dollar Key To 1960 Victory, Ike, Nixon to GOP

By JACK BELL
WASHINGTON (AP)—A sound dollar—with plenty of them available for GOP campaigners—is the prescription of President Eisenhower and Vice President Richard M. Nixon for a 1960 Republican victory.

In a turnout that astonished its Senate and House sponsors, Republicans overflowed two large banquet halls at a \$100-a-plate dinner Monday night to honor party members of Congress who survived last November's GOP debacle, and many who didn't.

\$300,000 for Party
What seemed of more practical importance than anything said by either Eisenhower or Nixon—or a long series of other GOP speakers, was the solid fact that the dinner racked up more than \$300,000 net for party purposes.

The two congressional campaign committees will split the amount, 60 per cent to the House group and 40 per cent to the Senate unit.

Eisenhower told the applauding delegates that he is not fighting to balance the budget just to claim that as an accomplishment. He said, he is no effort to pinch pennies.

"At this moment," the President continued, "We are engaged in them."

The vice president told the diners that, to be frank about the whole thing, the Republicans can't win "without the sinews of war which money will provide." He said the Republicans must fight for "sound dollars, and plenty of them."

highly important battle for a sound dollar. This is a fight to promote an expanding economy and domestic prosperity. This is a fight to make sure that a dollar earned today will tomorrow buy for the housewife an equal amount of groceries."

Sound Rule Best
To carry on this fight, he said, "we will need money." But he said money alone will not do the job. He contended that for Republicans "sound, stable, progressive government for this country is the greatest cause that we could possibly have today."

Flexing their muscles for the first time in the kind of a dinner the Democrats have made traditional, Republicans showed they have lost none of their enthusiasm for Eisenhower and can generate some of the same kind for Nixon.

Introduced as Successor
Nixon was introduced by Rep. Richard M. Simpson of Pennsylvania, chairman of the House GOP campaign committee, as "he who will succeed President Eisenhower" in the White House.

The vice president told the diners that, to be frank about the whole thing, the Republicans can't win "without the sinews of war which money will provide." He said the Republicans must fight for "sound dollars, and plenty of them."

When asked why she did not ask the radiologists about the treatment of another patient, Miss McDonough replied:

"I understood that it was routine—that they were all given the same amount of treatment."

Chamber Directors Are To Meet Today at 7:30

The regular June meeting of the board of directors of the Kingston Area Chamber of Commerce will take place at 7:30 tonight in the Governor Clinton Hotel.

In making this announcement today, Chamber president Frederick H. Stang urged a full attendance because it may be the last meeting of the summer season. "It has been customary to cancel meetings of the full board during July and August and have the executive committee transact necessary business. However, we will call meetings of the full board, if necessary," Stang concluded.

One of the items on the agenda tonight will be a report and recommendation of the National Legislative Affairs Committee relative to a stand on the Kennedy "Labor-Management Reporting and Disclosure Act of 1959," now being considered by our Congress.

Technician Quizzed In Radiation Death

BINGHAMTON, N. Y. (AP)—A hospital technician says she followed instructions issued for another cancer patient when she gave radiation treatments to a woman who later died of burns.

Miss Beverly McDonough, 21, of Oneonta, was the first witness Monday at a public hearing into charges that two radiologists at Binghamton City Hospital falsified records of treatments given a patient who died of radiation burns.

Dr. Elmer St. John, chief radiologist and the city's highest paid employee at \$28,000 a year, and his assistant, Dr. Victor Drucker, who was paid \$24,500 a year, were suspended last month.

The action was in connection with the death of 70-year-old Mrs. Elizabeth Cowan April 26.

Miss McDonough, who resigned from the hospital in March, substituted for the hospital's regular technician, Miss Mary Skellett, during a vacation last fall.

Overexposed, Says Board
The hospital's Board of Managers has said Mrs. Cowan was accidentally overexposed to radiation during six treatments last fall.

Miss McDonough said she had been told "not in so many words" by Miss Skellett that all patients suffering from the same type of cancer were treated in the same manner.

She said she "looked up the chart of the previous" breast-cancer patient and administered the same treatment to Mrs. Cowan.

Asked by Dr. St. John's attorney why she used the prescription of another patient, Miss McDonough replied:

"I understood that it was routine—that they were all given the same amount of treatment."

Miss McDonough said that when she was being broken in on the job by Miss Skellett she was told that the treatments she would give "would be the same for all the breast-cancer patients that would come in while I was doing the therapy."

Change Reports
When asked why she did not ask the radiologists about the treatment of another patient, Miss McDonough replied:

"I understood that it was routine—that they were all given the same amount of treatment."

Bartender Fined \$25 for Selling Beer to Minor

Henry Lee Curtis, 19, of 161 Fairview Avenue, Kingston, was convicted Monday night of selling alcoholic beverages to a minor by a jury after trial before Justice of the Peace John O. Beaver of Esopus.

Curtis was fined \$25, which he paid.

Highland State Police said the trial started at 8 p. m. and continued for three and one half hours. Troopers said the jury of three men and three women reported the verdict of guilty shortly before midnight after deliberating for 20 minutes.

Witnesses for the prosecution included Troopers James Kallian and William Brennan who made the arrest April 18, after an investigation. Troopers said

To Start Repair Of Pearl Street Soon, Says Kaye

Repair of Pearl Street is due to start this week, Common Council President Harold L. Kaye, as acting mayor, reported today.

The street is among some 20 listed for improvement on this year's program.

Kaye, in behalf of the Mayor Edwin F. Radel, who is attending the New York State Conference of Mayors in New York, also reported operation of a new traffic light at Broadway and East Chester Street.

Charles J. Cole, public works superintendent, said Kaye, reported completion of sewer and utility line work in Pearl Street in preparation for repaving it.

Installation of the new traffic light was completed Monday afternoon. Suspended over the center of the intersection, the light is a four-directional, four-phase unit. It replaces an old-type four pedestal two-phase system.

The light, said Kaye, will be "a definite asset" in control of heavy traffic at the intersection.

Premier's Talk Basis Of Doubt Concessions From Reds Could Help Avoid Breakdown

GENEVA (AP)—Western foreign ministers were reported deeply concerned today over the possibility that their conference with the Soviet Union may collapse in failure soon without agreement either on Berlin problems or a summit conference.

Lloyd Still Hopeful
Secretary of State Christian A. Herter and French Foreign Minister Maurice Couve de Murville rate the danger of a breakdown greater than does Foreign Secretary Selwyn Lloyd of Britain, highly placed authorities said.

All three still hope that Soviet Foreign Minister Andrei Gromyko will get instructions from Moscow in a few days enabling him to make last-minute concessions.

But Herter particularly is now much less hopeful in this respect in view of statements made by Soviet Premier Nikita Khrushchev in an interview published in Hungary last weekend.

The Western ministers are about ready to toughen their conference tactics in dealing with Gromyko. They returned to another secret session at Herter's villa. They discussed the desirability of cutting the session short if the arguments developed the same positions that have been debated repetitiously for more than a week.

Blamed on Budapest
The prospect of a breakdown—which apparently all sides still hope to avoid—is blamed by Western ministers on the Budapest interview. In this Khrushchev said that if the Geneva conference now fails to reach agreement, agreement would be made at a summit conference, and if the Western governments refused a summit because of a foreign minister's failure, "then world opinion will see who is responsible for the collapse of the summit conference."

This was interpreted as a maneuver by Khrushchev to begin to pin the blame on the West for whatever failures grow out of the deadlock over Berlin.

Khrushchev gave answers on the Berlin dispute itself which went beyond anything Gromyko had been able to say here. Again, these answers, in the Western view, pointed toward a potential breakdown.

Ridicules Demand
Khrushchev ridiculed the demand of the Western powers that the Soviet Union pledge itself to recognition of their rights in Berlin and to a policy of noninterference with access between West Germany and West Berlin.

"The Soviet Union," Khrushchev said, "will not make any kind of pressure—namely an agreement which would perpetuate the occupation regime in West Berlin."

Gromyko has made the interview a part of the official conference record.

Leaves Door Open
In a secret session Monday, Gromyko gave the impression he was interested in working out a new accord on Berlin but lacked final instructions. He made no concessions, but neither did he slam the door on further talks.

President Eisenhower said last week he would not go to a summit meeting under threat of a Soviet squeeze on West Berlin. The conflicting positions taken by the President and the Soviet Premier have left the range of maneuver

Two Plead to Assault In College Girl Case

Two young men who were charged with kidnapping a 17-year-old New Paltz State Teachers College student last November, forcing her into a pickup truck and assaulting her in a wooded area off Plattekill Road, entered a plea of guilty to second degree assault in County Court Monday afternoon.

Michael Hodges, 20, Route 32, Newburgh, and Robert Feldt, 21, Plattekill, had been arraigned on February 3, 1959, under an indictment charging kidnapping, first degree and second degree assault. At that time they entered a plea of innocent. Feldt was represented by Charles Sac-

coman and Hodges attorney is Seymour Greenblatt of Newburgh. Greenblatt was not present Monday when the plea was taken and Saccoman appeared of counsel, representing Hodges.

County Judge Louis G. Bruhn set June 29 at 10 a. m. for sentence. The adjournment to June 29 was taken in order that psychiatric examinations of the young men might be held as required by law. They were remanded to jail pending sentence.

Two Charges Remain
After defendants entered the plea of guilty to the assault charge, Attorney Saccoman moved for dismissal of the first

Troopers Are Probing Burglary at Diner

Ellenville State Police are investigating a burglary which occurred sometime early today at the Blue Stone diner on Route 209 at Kerhonkson, according to Corporal Nicholas Lecakes.

The corporal said the thief made a getaway with some change and an unknown quantity of liquor and food. He said it is not definitely known how the thief gained entrance to the diner, as the investigation showed no apparent forced entry.

Corporal Lecakes said William Blocker, proprietor of the diner discovered the establishment had been entered when he opened it for business this morning.

Trooper William Shurter is investigating the complaint. Authorities said it was not definitely determined the exact amount of the loot taken by the thief.

The Hudson Valley District Council of Carpenters consists of 23 local unions located in a ten county area with headquarters at 202 Fair Street, Kingston. Benjamin Franklin signed both the Declaration of Independence and the Constitution.

\$1,433,879 School Budget

\$7 Saugerties Rate Increase Indicated

Saugerties Board of Education which presented a proposed \$1,433,879.40 budget Monday night, reflecting a \$7 per thousand tax increase, received a petition seeking reinstatement of the full driver education program cut from the budget in an economy move.

The petition presented by Mrs. Victor L. Wood of Malden contained 92 names, according to Mrs. Margaret Marburger, clerk of the board.

Over 50 Attend Mimeographed copies of the 15-page budget were distributed to more than 50 people at the special budget meeting held in Main Street School Auditorium.

The proposed budget total shows an increase over last year of \$113,072.50. The proposed basic tax rate would increase to \$7.150. Last year's basic rate was \$6.450.

Village taxpayers residing in old district 10 would have a rate of \$74.16 which includes \$2.66 for bonds and interest on the old school debt. Glasco taxpayers in old district 9 would pay \$77.20 on a thousand assessed valuation. This includes \$5.70 for payments of bonds and interest on their old school debt.

Flatbush and Glencliff, within the Saugerties Central School District will have a rate of \$68.05. Town of Woodstock residents in the school district will have a rate of \$92.50.

The board realizing it was necessary to present an increased budget with subsequent increase in the tax rate made various economy moves at its recent meetings. One of these was a cutback of the driver education program which has been in full operation in the school for many years.

Attorney Richard B. Overbagh, who earlier had questioned various increases in the new proposed budget, asked Board President John Lowther how much would be saved by cutting driver education.

Lowther, who had been reading the budget item by item said the program had not been curtailed entirely, but was available to 36 students in a six weeks course during the summer. He said that there was a saving of about \$6,800. It was pointed out by Harry Hoffman, a board member, that if driver education were to be continued full time, it would require the hiring of another shop teacher. Leon McLaughlin, who was the driver education teacher would be teaching shop under the new arrangement, he said.

Overbagh termed the driver education program valuable and listed various advantages. Warren H. Knaut, Roy Helmsmoortel, Mrs. Benjamin N. Smith, and Mrs. Wood, and others spoke on the merits of the program.

One woman, who did not identify herself, said if parents can afford to give their children expensive cars, they should be able to afford the cost of teaching them how to drive.

Increase by 80 Cents

Lowther pointed out that putting the driver education program back in the budget would increase the tax rate by 80 cents. He presented the board's views on trying to cut non-essentials as a buffer against increasing costs.

There was also considerable discussion on the physical education program and expenditures for sports activities. Explanations were made by William Straub, high school sports director.

Dr. Grant D. Morse, superintendent of Saugerties Central School, answered various questions pertaining to the expense of supplies, travel, teachers conference and the large increase in the cost for text books. He explained that the school is now instituting a program to provide a standardized text for all children in the system. He said that pupils in the township communities were not using the same text books as those in the village at the time of centralization.

Large Increase

Instructional services which include teachers' salaries showed the largest single increase in the proposed budget. The budget figure proposed for this year is \$656,202, an increase of \$75,795. Operation of the school plant showed an increase of \$28,100, fixed charges were up \$24,670, capital outlay \$10,980, general control \$3,325.

Maintenance of the plant showed a decrease of \$16,144. Other decreases were debt service \$5,557.50 and auxiliary agencies \$8,126.

The actual increase in costs totals \$113,072.50 for total expenditures of \$1,433,879.40.

State Aid \$802,268

Estimated income including \$802,268 state aid totals \$812,768, leaving \$608,761.40 to be raised by taxes.

Taxpayers will have two other opportunities to propose changes in the budget to the board. They may attend the Wednesday board meeting at 8 p. m. in the board rooms of Hill Street School, and they may attend the annual district meeting on July 14. The proposed budget will be voted on at that meeting.

Town of Esopus Teenage Dances Seen Successful

A series of highly successful dances for the teenagers of the Town of Esopus was concluded at the Town Hall in Port Ewen on Saturday night. The dances were run for the teenagers over the past several months at two week intervals.

At the December 10, 1958 meeting of the Town Board of the Town of Esopus a petition was presented to the Board bearing 205 signatures requesting the setting up of a series of "record hops" for teenagers.

Respond to Petition

In response to the petition, the Town Board authorized the use of the Town Hall and a joint committee of teenagers and parents working with DeVal H. Dunbar, a commissioner of Ross Park Commission set about to conduct the dances. The committee members of Ross Park are in general charge of the town's state aided recreation program.

Starting in late December and concluding on Saturday night a total of 11 dances were held. A set of rules of conduct were drawn up by the teenagers. Each dance was chaperoned by a group of at least six parents. Average attendance at the dances was 110. Music for two of the dances was furnished by Local 215 of the Musicians' Union, AFL. Music for the remainder of the dances was by records and juke box furnished by Richard Wenzel of Port Ewen. Refreshments for many of the dances were furnished by local merchants. Decorations for each dance were quite extensive and carried out by the teenagers.

The theme of the dance on Saturday night was "The Class of '59" White streamers, diplomas and mortar board hats decorated the Town Hall auditorium where the dance was held.

List Committee

The parent's committee was composed of Mrs. Michael L. Man, president; Mrs. William McCabe, vice-president; Mrs. Rodney Whitaker, secretary; William McCabe, treasurer, and Mrs. Joseph A. Moculski, assistant secretary. The teenage committee was composed of Miss Gay Galbreth, chairman; Miss Barbara Du Mond, president; Miss Barbara Auerger, vice-president; Miss Merle Best, secretary, and John Reinhardt, treasurer.

It is planned to resume the dances in September.

Shakespeare Salute

NEW YORK (AP)—A salute to William Shakespeare is planned as part of Bermuda's celebration this summer of its 350th anniversary. A festival pageant, "This Island's Mine," and subtitled "An Appreciation of Shakespeare," recounts how an ancient shipwreck off Bermuda may have been the inspiration for "The Tempest."

tacted may purchase bonds at the Huguenot Bank.

Bob Mildrum and Charles Corbin will serve as life guards at the pool this summer.

Family membership applications will be mailed this week. Members of the membership committee are Joyce Weaver, chairman, Adelaide McKinney and Shirley Swain.

Plans for the forthcoming Fourth of July festival at the park have been discussed at some length. Co-chairman John Taglia and Tony Moriello are making extensive plans for some very exciting entertainment and events for that day.

Band Uniforms Bought; Donors Are Announced

When the New Paltz Central School Band made its appearance in uniform at the Memorial Day parade, it marked the climax of a year long fund raising drive.

Many thanks go to the following organizations who contributed so generously to the drive which was over subscribed by 40 dollars:

Paltz Club, Lions Club, VFW, Chamber of Commerce, New Paltz Firemen's Association, Study Club, New Paltz Central School Student Council, P.T.A. and G.A.A. In addition many local citizens also donated through purchase of booster tickets and light bulbs. The Central Hudson Gas and Electric Corporation is to be commended for donating light bulbs to the selling drive.

Parents and students serving on the committee that organized the drive and selected the uniforms are Charles Moehrer, Mrs. Joy Dawson, Mrs. Robert McDowell, William Heidgerd, Raymond Buckley, Mrs. Carl Reed, Oscar Kaelin, Carl Borg, Eric Wickiser and Jeanette Hogan.

On Saturday, 7:30 p. m. at the central school the band will play an outdoor concert in appreciation of all of those who contributed to the drive.

Motel Grand Opening

The official grand opening for the College Motor Inn, located on Route 299 opposite the Thruway entrance, occurred this past weekend. This motel, the largest in the Mid-Hudson Valley, consists of 85 units in two separate buildings. A swimming pool will be completed in the near future.

In Benefit Show

Last Saturday, at the Stone Ridge School there was a Cerebral Palsy fund raising show, and the entertaining along with the famous Peg Leg Bates, were Patti Burke's dancers, and Alfred Douglass, performing Indian dances.

The dancers from Patti's Studio were: Susan Newkirk, Larry Young, Beverly Schoonmaker and Irva Beatty.

The Navy fleet, which includes destroyers, a heavy cruiser and an amphibious force of seven ships, will visit 27 cities in the seven states bordering the Great Lakes.

Gaffney Resigns

tion, who remained in the grand jury room over an hour.

Gaffney's Letter

June 9, 1959, Honorable Carolyn Simon, Secretary of State, State Capitol, Albany, N. Y.; Dear Secretary;

Please be advised that the undersigned pursuant to the provisions of Section 31 of the Public Officers Law, hereby tenders his resignation as Surrogate of Ulster County, N. Y. effective June 30, 1959.

Statement of Surrogate Gaffney which he issued at 1:30:

"Following the publicity attendant upon my recent appearances as a witness before the extraordinary grand jury, the office of surrogate has become the subject of various rumors detrimental to the proper functioning of that court. Under the circumstances, in all fairness to the position itself, I am tendering my resignation therefrom to the Secretary of State on this date to be effective June 30, 1959."

Mercury Soars To 93 at 11:30, Record for Date

June appeared today to be on its way to equal or surpass some record temperatures in May.

After reaching 95 at 5 p. m., Monday the mercury dropped to an overnight low of 67 at 5 a. m., today and then began moving upward until it reached 93 at 11:30 a. m. By that time it had achieved a record for this date, and was due to add a few more degrees in the afternoon.

The previous high in 24 years of records at the city engineer's office was 91 on June 9, 1936.

May's top temperature was 97 on the 20th, but that, by trends of this day, could be beaten. Two previous temperatures in the 90's this month were on the 5th when the mercury hit 91 and on the 6th when the high was 90.

Dutch Guild Meets

The June meeting of the Dutch Guild of the Reformed Church will be held at the home of Mrs. Fred Dressel Thursday 6:30 p. m.

Members may bring their husbands or a guest, also a covered dish for the pot luck supper. They will provide their own dishes, silverware and chairs.

There will be a brief business meeting at which the president, Mrs. Robert Pyle will preside. In case of rain, the meeting will be held in the social room of the church.

\$2,260 in Bonds Sold for Park

A total of \$2,260 in bonds has already been sold for the Mike Moriello Park project. Ashton Hart, chairman of the park board, announces that work on the fourth wall of the pool will be started this week.

Contractor Charles Jennings Jr., in charge of the construction, has assured the board that he will make every effort to complete the work so that the pool can be filled within two or three weeks.

Further bids will go out this week for the electrical and plumbing work. A contract has been signed for the four tank filter system which will completely filter and clear the water in the pool every eight hours.

Models of the park as it will appear this summer can be seen at the Huguenot Bank and in the Central Hudson window. Art major Carmine Pacilio, student at the State University Teachers College, constructed the model at the bank. Board member and architect Jed Reinsner is responsible for the Central Hudson model.

Crash Kills Woman
BOONVILLE, N. Y. (AP) — A 73-year-old woman was killed Monday when an automobile driven by her daughter crashed into a wall of the Black River Canal on Route 12 near here.

The victim was Mrs. Lena Thompson of Boonville.

Her daughter, Mrs. Norma Spencer, 45, told State Police a bee flew into the car just before the crash. Mrs. Spencer escaped injury. Her 9-year-old son, Mark, suffered minor injuries.

Campaign Against Obscene Mail Is Continued Here

A million American boys and girls of high school and junior high school age may receive obscene literature and pictures in the mail this year, even though they neither wanted nor solicited it, Postmaster Newkirk said today.

The Postal Inspection Service, he stated, on the basis of available facts has estimated that dealers in smut are sending such materials to children at a rate of 700,000 to 1,000,000 mailings a year.

"It is quite possible that children here in Kingston are unwittingly being carried on lists used by mail order pornography houses to solicit sales of their filthy materials," Postmaster Newkirk said.

The local Post Office has joined in an intensive campaign launched nationally by Postmaster General Arthur E. Summerfield to stamp out what the Postmaster General has described as "a vile racket of huge proportions."

Using first class postage which protects the mail from inspection filth peddlers send out lewd

circulars by the hundreds of thousands, soliciting orders from youngsters for obscene movies, photographs, comic books, slides and similar material.

Big Business
"It is shocking to realize," Postmaster Newkirk said, "that sales of such trash amount to half a billion dollars a year, by Post Office estimates."

In a recent speech, he noted, Postmaster General Summerfield stated that police records and sociological studies show that a link exists between addiction to pornography and the increasing rate of sex crime.

The Postmaster General also pointed out that juvenile delinquency and the distribution of pornographic materials have been growing in parallel. A Senate committee has reported that one out of every five boys in the nation, from ages 10 to 17, has been taken into court on a juvenile delinquency charge.

In investigations of armed robbery, extortion, embezzlement and forgery, authorities often find that those guilty were early collectors of obscene pictures and films, Postmaster Newkirk said.

"And," he added, "it is well known that almost all sex criminals prove to have a long record of obsession with pornographic and sadistic material. Children who may never be exposed to this material could nevertheless be victims of these distorted criminals who have been exposed to it."

Continues to Grow
Congress, as far back as 1865, made it a federal offense to mail obscene matter. The Post Office has lent its fullest support to such legislation, but commercialized pornography has continued to grow. It has doubled in just the past five years, and the Post Office Department predicts that, unless a concerted nationwide "war" is waged against it, it will double again over the next four years.

Until recently, the Post Office encountered great difficulty in bringing these racketeers to bay because the federal laws permitted prosecution only in the courts at the place of mailing. The pornography dealers concentrated—and still do—in New York and Los Angeles, where liberal court rulings over a period of time established virtual sanctuaries from which they could operate with impunity, Postmaster Newkirk said.

The Post Office in recent years urged legislation which would permit prosecution not only at the point of mailing of obscene material, but in the communities where it is received—where, as Postmaster General Summerfield has put it, "the real damage is done, and where citizens have an opportunity to express their standards of morality and decency."

Such legislation was passed by the 85th Congress and signed by President Eisenhower last year. The Post Office Department, Postmaster Newkirk said, is determined to use this new legal weapon to the fullest possible extent. It has already assisted in apprehending and prosecuting dealers in obscenity such as a couple—a man and his wife—who recently received a ten-year prison sentence in Boise, Idaho, following mailing made from California and Oregon.

To make full use of the new law, however, the Post Office makes it clear that it needs the cooperation of parents and decent-minded citizens throughout the nation. To help achieve this cooperation, the Postmaster General and postmasters in every part of the country have launched a special program for nationwide action. They believe that, if this program is successful, the victimizing of children by dealers in filth can be stamped out.

Girl, 13, Killed By Car, Driver Held by Police

BATAWA, Ont. (AP) — A 13-year-old girl was killed by an automobile Monday night. Police arrested Clarence Ivan Carson, 38, of Niagara Falls, N. Y., less than a mile away near an abandoned car.

Carson was charged with leaving the scene of an accident.

The victim was Donna Klouda, who lived at Batawa. She was walking home with a friend from swimming when she was hit.

Hurleyites Plan Special Program At Church Sunday

Hurleyites will attempt to recapture the "good old days" Sunday with services in the Hurley Reformed Church and a program and refreshments to follow on the church grounds.

One of the features of the program will be an old medicine wagon complete with Indian chief and the traditional tonic—in this case Switzer, a drink said to be a refreshing thirst quencher, even if not renowned as a cure all, the recipe being well over 100 years old.

The medicine man, "Dr. Myer," better known locally as Ernest Myer, head teacher of Hurley School, will expound on the merit of his tonic and introduce the entertainment.

On the program will be James Perry of Lake Katrine, ventriloquist; Fred Russell of Centerville, novelty fiddler, and Peter Mathews of Rosendale, banjo.

The Camera Club of Pine Bush is expected to be on hand, and they will arrive in three horse-drawn carriages.

Last but not least is the homemade molasses cake and cookies and lemonade will be served free of charge by the ladies of the Community Service Club and the auxiliary of the Hurley Fire Company.

Historical Group Sets Box Supper For July Meeting

The July meeting of Ulster County Historical Society will be held Wednesday, 6 p. m. at the society headquarters in Marbletown. There will be a box supper on the lawn weather permitting. Coffee and dessert will be provided and children of members are welcome.

There will be no business meeting and no formal program but members have been asked to give their own reminiscences of Ulster yesterdays, either incidents or legends. It is the hope of the program committee that this informal gathering will afford members an opportunity to become better acquainted and that new members will make a special effort to attend.

Mrs. William F. Hasbrouck of Stone Ridge is in charge of refreshments, assisted by Mrs. Leon Smith and Miss Elting both of New Paltz and Mrs. Louis Bevier of Woodstock.

Student Art Show Slated at Onteora

Onteora Central School Art classes will have a showing of student art at the Kleiner Art Gallery of Woodstock today and Sunday. The gallery which is normally closed on Sunday will stay open for this special showing.

It is the first of what is hoped to be an annual showing of the work of Onteora school art students. The exhibits will include art and crafts created by the junior high school under the direction of Mrs. Edna Quick as well as senior high school work created under the guidance of Donald Jennings.

Every student in the senior high school art program is represented. The exhibit was prepared by senior art students in order to establish a fund to send one or two students to a two-week high school workshop at New Paltz State Teachers College. Donations will be accepted at the gallery.

Man Takes Life After He Slashes Wife to Death

BUFFALO, N. Y. (AP) — Fred Keller, 73, died of knife wounds Monday after killing his 71-year-old wife by slashing her throat, police report.

Keller, a retired tea salesman,

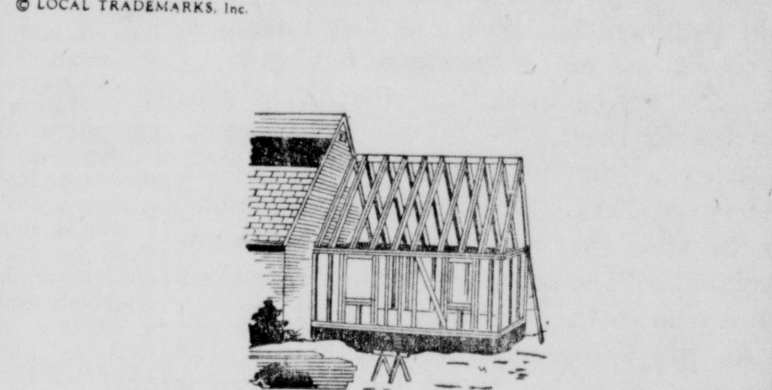

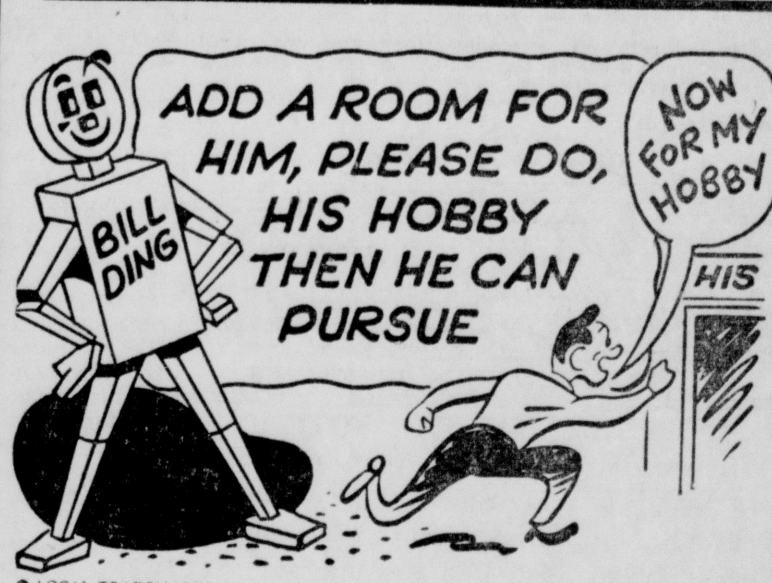

was found dying in a hallway of their ground-floor apartment. His wife, Laura, lay dead at the other end of the hall.

Three knives and a two-pronged fork, covered with blood, were on the floor. Police called the deaths a murder-suicide.

The motive was not clear but police said Keller had been losing his eyesight.

They said one of the victims might have tried to telephone for help. The receiver was off the hook and a repairman who came to check the line found the bodies.

Figure in Ball Park Slaying Held For Taking Guns

TROY, N. Y. (AP)—A 23-year-old man who accidentally shot and killed a baseball fan in New York City nine years ago faced arraignment here today on charges of stealing three guns from a store in Troy.

Robert Peebles was arrested in New York and brought here Monday night after police there said they found in his room a shotgun that had been taken from the Troy store.

After questioning Peebles, Troy police charged him with burglary and grand larceny in the theft of

two rifles and a shotgun between Sept. 24 and Sept. 27 last year. Peebles claimed that he bought the three guns in Troy last October from a man named "Jenkins." New York City police located the rifles in two pawnshops. Peebles, a Negro, served two years in the State Training School for Boys at Warwick following the bizarre shooting in 1950. The victim was Bernard Doyle, 54, of Fairview, N. J., one of 40,000 spectators at a July 4 Dodgers-Giants doubleheader.

Doyle was watching batting practice when he slumped over. Police discovered he had been shot with a .45-caliber pistol.

Authorities determined the weapon had been fired from the roof of a nearby apartment house. Peebles, then 14, admitted he had been firing the pistol, which he claimed to have found in Central Park. He was adjudged a juvenile delinquent.

Ithaca Professor Dies

ITHACA, N. Y. (AP)—Bert Rogers Lyon, the senior member of the Ithaca College faculty in length of service, died Monday night at his home. He was 77.

Lyon, a professor of music, joined the faculty in 1922. He was born in Bellevue, Ky. His family moved to Cincinnati, Ohio, when he was a child. He attended Cincinnati Conservatory and before joining the Ithaca faculty conducted a voice studio in Cincinnati.

Bid Competing Aids Opponent

BY OSWALD JACOBY
Written for NEA Service

I have nothing against players who compete freely in the bidding. If you sit back and wait for sure things you won't get in much trouble but you won't win at bridge.

However, there are two disadvantages to competing. The first is that sometimes you get doubled and the second is that sometimes you help your opponents. Let's to ourselves, North and South would have arrived at a four spade contract by way of one heart, one spade, two spades, four spades.

East's two diamond overall forced South to bid two spades, rather than one. This encouraged North to give a jump raise to game (he did have excellent spade support).

When it got back to South he did some serious thinking. Obviously, North held nothing in diamonds and not too much in high cards. But a slam was possible and South bid five spades. Now North went on to the slam.

Long Bids Solons Adopt Program

BATON ROUGE, La. (AP)—Gov. Earl K. Long, in telephone calls from a psychiatric clinic in Galveston, Tex., Monday called on the Louisiana Legislature to pass bills he had sponsored and said he hoped to be home soon.

The calls, apparently made with permission of the governor's physicians, came one day before the Legislature's final adjournment.

Long was flown to John Sealy Hospital in Galveston May 30 after venting his wrath before the Legislature with profanity. He was committed June 2 by Mrs. Long.

Both the House and Senate, acting within minutes of each other, passed a resolution urging the 63-year-old governor to continue treatment as long as necessary to recover completely.

Long's physicians reported earlier this week they had made no progress in trying to diagnose his illness. "We still can't tell what's the matter with him," said one doctor.

Physicians said Long continued to deny efforts to gain his cooperation.

House Speaker Robert Angelle, who spoke to Long in one call, told the governor that most of his bills had passed in the Legislature.

Savings and Loan Marks 25th Year Of Insured Funds

The Savings and Loan Association of Kingston will celebrate this month the 25th anniversary of insured savings accounts in thrift and home-financing institutions, according to H. Van Wyck Darrow, executive vice president of the association.

"Since the Federal Savings and Loan Insurance Corp. was created on June 27, 1934," Darrow said, "not one penny has been lost by a saver in any of the 3,881 insured savings associations, which can be identified by the FSLIC seal of safety."

Darrow added that the Savings and Loan Association of Kingston qualified for the insurance of its accounts on September 26, 1946. "Since that date, savings account balances in our association have increased about 300 per cent and now total \$13,300,000.00," he reported. "During this same period, the association has made over 2,900 mortgage loans. Total investment in mortgages now exceeds \$12,850,000.00."

Circuit Director Attends Jehovah's Witnesses School

H. Daniel Trapp, circuit supervisor for Jehovah's Witnesses in upstate New York, Vermont and Massachusetts, will complete an advanced course on June 13 at the Watchtower Bible School of Gilead, South Lansing.

Trapp is well-known in the Kingston area. He oversees 21 congregations from Kingston to Saranac Lake. During the last two years Trapp has spent considerable time with the Kingston congregation of Jehovah's Witnesses to give special training and instruction to the local members in their ministry.

Born in Des Moines, Iowa, Trapp was graduated in 1950 from the Linden Consolidated High School, Linden, Iowa. He immediately entered the full-time ministry and after four years of service with the Des Moines, Iowa, West Unit, Congregation of Jehovah's Witnesses, he was appointed presiding minister at the Keokuk, Iowa, congregation in June, 1954.

For the next three years Trapp also worked as public relations director for Missouri circuit 2, of which Keokuk is a part. On April 9, 1957, he was appointed circuit supervisor and assigned to New York circuit 5.

All appointments were made by the Watchtower Bible and Tract Society, Brooklyn, world headquarters of Jehovah's Witnesses.

Trapp was among 25 ministers from 14 states selected by the Watchtower Society for this advanced course, designed to cover Bible doctrine, Christian organization and ministerial services.

It consists of a 24-day program involving 96 classroom sessions and 20 lectures by qualified educators. All tuition costs are borne by the Watchtower Society.

Upon completion of the Gilead training Trapp will resume his duties in New York circuit 5.

Slate Deadline June 15 to File On Capital Gains

ALBANY — The New York capital gains tax filing—and payment—deadline is June 15. Unlike the normal personal income tax, there was no cancellation of capital gains tax for 1958. Tax Commissioner Joseph H. Murphy reminded taxpayers today, however, the deadline for filing and payment was extended from April 15 to June 15. Capital gains taxes for 1958 are due in full on June 15. On the 1958 return, all personal income tax exemptions allowed under old provisions of the income tax law may be applied against net capital gains: \$1,000 for a single person; \$2,500 for a married couple; \$400 for each dependent, and an additional \$400 exemption for taxpayers or their wives who are either blind or over 65. Capital gains (profits realized from the sale or exchange of property) are taxable on 1958 returns from one per cent on the first \$1,000 of net capital gains up to three and one-half per cent on those above \$9,000. Tax form IT-201 is to be used by New York State residents; form IT-203 by non-residents. Pages 2 and 3 of the 1958 forms may be disregarded.

Two Plead to

two counts of the indictment, kidnapping and rape. Judge Bruhn reserved decision on that motion and the two charges remain pending against the defendants. It is understood the acceptance of the assault plea was prompted because of reluctance of the complainant and her parents to be faced with the notoriety of a trial.

Hodges and Feldt were arrested on November 13 in Nassau County on complaint of a 17-year-old New Paltz College girl who charged she had been forced into a pickup truck as she alighted from a bus after spending a weekend at her home. After being picked up on Mohonk Avenue, she alleged she was taken to a wooded area off Plattekill Road and criminally attacked by two men. At the time she told officials they had threatened to kill her. She was released about midnight and reported the incident. A couple who resided near the scene of the alleged attack reported they had heard screams and took the number of the truck and reported it to the state police.

Pleads to Lesser Charge

Norman Whitehead of Monticello, who was charged with being one of a quartette who robbed the Mayflower Jewelry store in Ellenville last December, entered a plea of guilty to unlawful entry before Judge Bruhn Monday and was given a year suspended sentence. Whitehead was brought to Ulster County from Sullivan County where he is serving time. The Ellenville burglary is one of the series of offenses committed in Sullivan and Ulster Counties, District Attorney Raymond Mino said. Louis Scheinman appeared for Whitehead and asked for leniency. Suspension of sentence was granted since most of the jewelry taken had been recovered and the Ulster County case was closely associated with the Sullivan County case in which Whitehead is now serving time. A burglary, third degree, count in the indictment was dismissed.

John Sherman Weaver Jr., Whiteport, was given a year in jail and execution of sentence was suspended and he was placed on probation. He had been with a sex offense. He had been in jail since March 18, and the suspension of sentence was pronounced after it was stated by the District Attorney there might be difficulty in proving the alleged act. Matthew Weishaupf Jr. appeared for defendant by assignment.

Two Other Cases

Bruce Irving Van Kleeck, Kingston, was arraigned on a charge of grand larceny, first degree, alleged to have been committed February 15, last. The charge involves the taking of a car. Joseph A. Davis appeared for defendant on the matter, on recommendation by the grand jury will be disposed of under the Youthful Offender Law.

Frank Napolitano Jr., town of Esopus, charged with rape, second degree, entered a plea of innocent to the charge arising out of an incident on March 18, 1959. S. James Matthews appeared for defendant and asked for 20 days for motions or other action.

Bartender Fined

Curtis was accused of selling a bottle of beer to Robert J. Benkert, 17, of South Wall Street, Kingston, at the Mirror Lake Lodge on Route 9-W where Curtis is employed as a bartender.

Curtis had served a formal plea of innocent at arraignment on April 19 before Judge Beaver and the trial was set for last night.

Congress Not Unanimous In Probing Pay Jobs

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP)—How does a general—when he retires—get a fat job with a big corporation selling millions of dollars worth of military equipment to the government?

It could happen in a lot of ways. It could—and did—happen this way: On the day a general retires he gets a cryptic telephone call from an old friend, telling him to call a man at a certain number in California.

He does. It turns out well. He becomes president of a company making bombers and gets a salary of \$75,000 a year, plus a \$25,000 bonus.

Checking Makers, Too

A congressional subcommittee will soon start looking into the question of how high-ranking military men, after retirement, get big-paying jobs with big companies dealing with the government.

The subcommittee, headed by Rep. F. Edward Hebert (D-La.), will also root around among the military equipment makers to check on how they compete to get Uncle Sam to buy their stuff.

But this kind of investigation doesn't have unanimous approval in Congress. For instance, Sen. London B. Johnson of Texas, leader of the Senate Democrats, doesn't think a munitions lobby as such exists or needs investigating.

Neither does Sen. Stuart Symington, Missouri Democrat and former secretary of the Air Force in the Truman administration. Symington himself was once a big help to a retiring general through a simple telephone call.

Bared Three Years Ago

Hebert's group learned about this three years ago when it was examining the aircraft industry. His subcommittee now would like to know how some other generals and admirals got their jobs and what they do to earn their pay.

In its 1956 inquiry Hebert's group called—among top men in the aircraft industry—J. T. McNamara, former Air Force general

who retired in 1952 and quickly became president of the Convair Corporation.

This firm made the B52 bombers for the government and McNamara testified that in the late 1940s, when the value of this particular plane was in dispute, he backed development of the B52.

Hebert asked him how he got his job with Convair and McNamara told this story: "On the morning of my retirement (Jan. 31, 1952) I did receive a cryptic telephone call and the question asked of me was: 'Have you signed up with anybody to go to work?' I said 'I have not.'"

MORE

McNamara said he told the caller he was going to San Diego to live—because he had married a San Diego girl—and the voice on the phone said: "Well, when you get to San Diego, would you call this number?"

McNamara indicated that from the telephone exchange the caller gave him—it was in Indio, Calif.—that he guessed the one who answered that phone would be Floyd B. Odum, chairman of the Convair board of directors.

Offered Residency

When he got to San Diego, McNamara said, he called the number. And it was Odum. The financier offered the retired general the presidency of Convair.

For five years as president, he would receive \$75,000 a year, plus a \$25,000 bonus yearly. For the following 10 years—while he served as a consultant—he would receive \$30,000 a year.

Hebert asked McNamara who made the cryptic call, urging him to get it touched with Odum.

The general said it was Symington, with whom he had worked at the Pentagon when Symington was secretary of the air. At the time of the call Symington was no longer secretary and had not yet been elected senator.

McNamara said there was no connection between his championship of the B52—while he was still in service—and the fact that the company later hired him as president.

He said he had never been approached while still in service—about a job with Convair.

Hertel Fears

for the foreign ministers very narrow.

American officials are convinced there would be serious trouble if the Soviets turned over control of the West Berlin access routes to the East Germans and then tried to stop Western traffic.

Khrushchev now is conferring in Moscow with top East German officials. Western diplomats believe it may be several days before Gromyko gets his orders from the Kremlin.

Western diplomats assume that the Moscow conference deals with the Geneva talks. Red sources in Geneva also have hinted that Khrushchev, Walter Ulbricht, East German party chief, and Premier Otto Grotewohl may be polishing up for signing at some future date.

Final results of the foreign ministers' conference are unpredictable.

Modification Possible

Western leaders are still convinced Khrushchev wants a summit conference and will be willing

to modify his Berlin demands to get it. Khrushchev has said flatly he will concede nothing.

In an effort to prod Gromyko into taking a final stand, U.S. Secretary of State Christian A. Hertel and France's Maurice Couve de Murville presented him with what officials called the rock bottom Western terms for a stop-gap agreement on Berlin.

They called for the Soviet Union to affirm the right of the Western powers to supply their troops in Berlin and to protect the economic life of West Berlin against Communist pressures.

Hertel said the Soviet government must abandon its threat to West Berlin or the West won't join in a summit conference.

Plan Announced

on Fair Street a bus stop will be established at the Hotel Kingston.

Another change will involve traffic headed into North Front Street from Clinton Avenue in the left lane. It will be directed to turn left and down Fair Street.

Financial and Commercial

NEW YORK (AP)—A flutter of recovery from Monday's severe stock market shakeout faded into irregularity early this afternoon. Trading was comparatively slow.

Gains and losses of fractions to a point prevailed among most key stocks. The market at the opening continued Monday's decline, the sharpest in six months, then steadied and made a moderate recovery.

Reynolds Metals was up more than 2 on news it is boosting its primary aluminum output to 100 per cent of rated capacity.

Zenith rebounded out an early 4-point rebound from Monday's 94-point loss. Texas Instrument held a gain of 2 points, plus. Radio Corp. eased.

Ford dropped about a point while Chrysler eased.

American Tobacco, down more than 2 at the opening, reduced this loss to a fraction. Liggett & Myers was more than a point ahead.

Small gains were made by Santa Fe, New York Central, Pennsylvania Railroad and Chesapeake & Ohio. U.S. Gypsum was down more than 2.

U. S. government bonds rose small fractions.

MONEY VALUES

Frequently, significant economic events go by practically unnoticed. Such a recent event was an increase in the prime interest rate of American banks to their best customers from 4 to 4½ per cent annually.

Six of the leading financial institutions in the United States today have total loan and disbursement accounts of over \$14 billion. Thus, overnight, with the basic interest rate higher by ½ per cent the gross earnings figured at this rate will be \$70 million greater on an annual basis.

These six banks are:

1) Bankers Trust of New York.

2) Chase-Manhattan of New York.

3) Chemical-Corn Exchange of New York.

4) First National Bank of Chicago.

5) First National City of New York.

6) Morgan-Guaranty Trust of New York.

Each of these banks has loan and discount accounts in excess of a billion dollars. First National City of New York leads with over \$3,800,000,000. Chase-Manhattan is a very close second with about \$3,700,000,000 and Morgan-Guaranty third with about \$2,100,000,000.

The prices of these shares hardly moved when public announcement of this basic rate increase was made. Why is that?

Well, these shares are not listed on any of the big exchanges and hence are not subject to the price gyrations of such stocks as General Motors and U. S. Steel.

Bankers prefer not to have their shares listed on public exchanges where they could be subjected to speculative manipulation. That is why such shares as Morgan-Guaranty, First National City and the others are normally static in their movements.

If this were not true, the sudden announcement by the banks of the increase in the basic rate would have set off a speculative move in the price of the shares.

Morgan-Guaranty, for example, around the top among the world's banks, has done little since the merger was consummated a few weeks ago. However, it is my opinion that if these shares had been listed on the New York Stock Exchange the news of the merger, of the quality of accounts carried by this institution and of the would have greatly loan charges the price of the stock.

Speaking generally, sound bank shares such as those of institutions mentioned here do not enjoy the ballyhoo of some of the industrial shares listed on the New York Stock Exchange. That is why today bank shares are reasonably priced.

Most conservative investors could invest at least 20 per cent of their capital in sound bank equities. Bank directors ordinarily pay out from 40 per cent to 60 per cent of net earnings in dividends. The rest is added to the capital account and periodically these earnings are capitalized when tax-free stock dividends are declared.

Banking is a basic business. Money

Home-Seekers' SL Marks 25th Year Of Insured Funds

The Home-Seekers' Savings and Loan Association will celebrate this month the 25th anniversary of insured savings accounts in thrift and home-financing institutions, according to Dewese W. DeWitt, executive vice president of the association.

"Since the Federal Savings and Loan Insurance Corp. was created on June 27, 1934," DeWitt said, "not one penny has been lost by a saver in any of the 3,881 insured savings associations, which can be identified by the FSLIC seal of safety."

DeWitt added that the Home-Seekers' Savings and Loan Association qualified for the insurance of its accounts on May 17, 1949. "Since that date, savings account balances in our association have increased 120 per cent and now total \$10,720,000," he reported. "During this same period, the association has made 2,900 mortgage loans. Total mortgage loans in our portfolio now exceeds \$10,660,000."

Methodists Disagree on China Stand

ALBANY, N. Y. (AP)—A Troy Conference resolution that favors recognition of Communist China by the United States is unpopular with two area Methodist churches, both members of the conference.

The resolution was adopted at the annual meeting of the conference last month in Burlington, Vt. The Official Board of the First Methodist Church in Rensselaer voted unanimously last week to disaffirm the proposal. The group said the resolution "gives aid and comfort to the enemy and is not in the American tradition."

Earlier, the Slingerlands Methodist Church registered its opposition to the resolution but did not take a stand on whether the Slingerlands Church should be separated from church and state.

Army Lists Schools For Graduates To Choose Own Study

A booklet for high school graduates, "The Secret of Getting Ahead," is available at the local U. S. Army Recruiting Station, 309 Wall Street.

This was announced today by M/Sgt. Walter Gosling, who said it lists 107 army service schools, and is published in connection with the graduate specialist program which permits young men to choose schools.

The Army determines if they are qualified for the particular school before the enlistment. A physical tests and seven aptitude tests in fields such as electronics, motor maintenance and clerical will be given in Albany. Upon qualification Albany will then call the Army School Center in St. Louis and a reservation will be made for the school.

Written guarantees will then be given to the applicants thus insuring attendance in the school of their choice. They can pick their own enlistment date which may be anytime up to 60 days later.

"This is not a 'hit and miss' program, it gives young men a positive start in the field they want," Sgt. Gosling said.

Interested persons can pick up a copy of the information booklet at the Army recruiting office at 309 Wall Street. If unable to call at the office one can phone or drop a card. Booklets will be sent upon request.

Goes to Senate

House Approves Corporate, Excise Tax Extensions

WASHINGTON (AP)—The House has voted again for continuing corporate and excise tax rates that were set during the Korean War as a temporary measure.

The one-year extension, passed by voice vote Monday, now goes to the Senate which is expected to pass it with little controversy.

It was the sixth time the House has voted for an extension since 1951, when the regular tax rates were increased.

Unless the bill is passed, corporate income tax rates automatically will drop from 52 per cent to 47 per cent on July 1 and excise tax rates will be reduced on cigarettes, whisky, beer, and new cars and parts.

The lower rates would yield about three billion dollars less a year.

Six Die in Collision

DUNCANSVILLE, Pa. (AP)—Six members of a family were killed and another was injured Monday night when their car and two trucks collided on Route 22 near this western Pennsylvania community.

The dead were Wilmer E. Hinish, 34, of Williamsburg, Pa.; his wife, Dorothy, 34; a daughter, Sonja Joan, 12; and these sons: Robert Zane, 9; Randall Clark, 6; and William Dale, 10 months.

The only surviving member of the family, Roderick Kent, 4, was reported in satisfactory condition at a hospital.

Neither truck driver was injured.

Scout Pack 19 Observes Theme With Hoedown

The monthly theme of "Musical Hoedown" for Cub Pack 19, Veterans of Foreign Wars Post 1386 of Kingston, reached its climax at the monthly pack meeting Wednesday when Cub Scout Brian O'Neil presented his version of a famous piano performer, complete with long-tailed coat.

Held in Forsyth Park, the pack meeting included a charter presentation by Harold Francis, a neighborhood commissioner. Thomas Hughes, institutional representative of the Veterans of Foreign Wars; presentations of the awards for the month; and the program sponsored by the dens of the pack.

Opens Program

Opening ceremonies were in charge of Assistant Cubmaster Frank Rittie, assisted by cub scouts from all dens. Charles Foster Jr. was received into membership of Den 4.

Plans for placing flags on veterans graves, participation in the Memorial Day parade, and a bake sale for the pack treasury, were reported as successfully concluded.

Advancements for the month were:

Rock Minerals On Display at Savings and Loan

The Savings and Loan Association of Kingston on Wall Street has announced that there is a display case of rock minerals and lapidary work in the lobby set up by the Rockland County Mineral and Gem Society of Spring Valley through the courtesy of Robert E. Baker of this city, a member of the downtown club.

The purpose of the exhibition is to show the public a few of the many minerals of which the earth is made and some gem materials available in New York State and elsewhere and collected during field trips by individual members.

In the tent type display case, which is standard for competitive shows, is shown lapidary work on precious and semi-precious gem stones and industrial minerals as found in the rock and which play an important part in every day life.

As every jeweler knows the lapidary art is the science of cutting, grinding, polishing and setting gem stones. Although the cabochon type of gem stone with its oval, round or flat crown is shown, club members also facet stones with their many flat faces or sides like the diamond or the emerald and which have their own technical terminology.

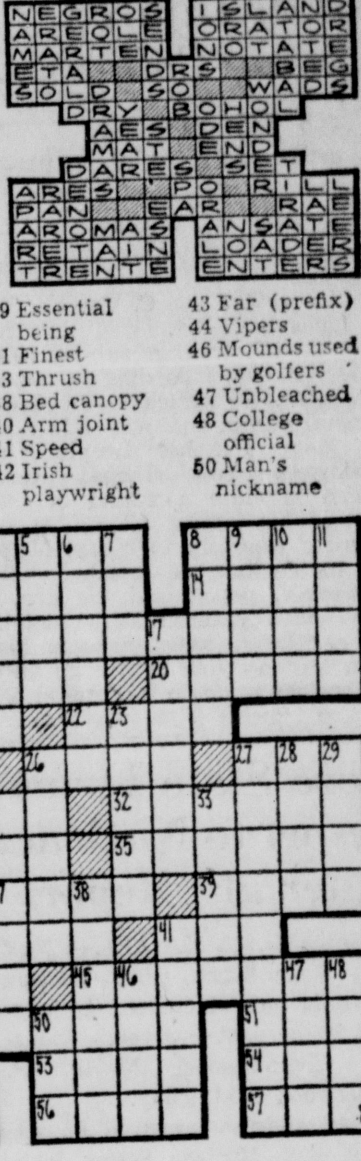

The rough stones are cut with the aid of a metal disc in which tiny diamonds are set in the periphery or edge. Of interest are the examples of the cut rough gem stone before it is ground on carborundum grind-grit and polished on felt, muslin or leather buffs with various types of polishing powders. It is planned to change the material in the case from time to time.

Pilot Found on Raft, Bailed From Jet Monday

WESTHAMPTON BEACH, N. Y. (AP)—A pilot who parachuted from his crippled jet fighter over the Atlantic Monday night was found floating on a life raft today, apparently uninjured.

He was identified as 1st Lt. Edward E. Parsons Jr., 25, of Payette, Idaho, attached to the fighter-interceptor squadron stationed at Suffolk County AFB here.

He was plucked from the raft by a Coast Guard helicopter shortly before 6 a. m., base authorities reported.

He had bailed out of his plane at 3,000 feet over the Atlantic more than seven hours earlier.

Evangelist Will Be Guest Speaker At Bloomington

REV. IRV CHAMBERS

Guest speaker at the Bloomington Reformed Church, Bloomington, Wednesday 7:30 p. m. will be the Rev. Irv Chambers, evangelist, musician and director of the Sacandaga Bible Conference, Saugerties.

The Rev. Mr. Chambers who makes his home in Ridgewood, N. J., was born in 1928 in Oakland, Calif. Among other talents, he is a gifted speaker and musician. He has appeared with overwhelming success in hundreds of high school assembly programs, as well as on radio and television.

In 1958 he ministered with the Billy Graham Association in the Caribbean Crusade. The Rev. Mr. Chambers was with the team in Jamaica, B.W.I. and in the Republic of Panama. While assisting in the meetings he acted as musical director and master of ceremonies. Attendance at the meetings reached 60,000 a night, with choirs under his direction numbering up to 1,500 voices.

A member of the International Brotherhood of Magicians, he has found magic to be an effective method of presenting Scriptural truths. He often uses this medium in school assemblies and youth conferences.

The Rev. Mr. Chambers was educated at the Moody Bible Institute, where he was a member of the musical staff of radio station WMBI in Chicago. Further schooling was received at the King's College, and Columbia University.

The meeting here will be open to the public, and will include musical selections and pictures of the camping program offered by the Sacandaga Bible Conference.

Saugerties Saugerties Girls Club Headquarters Open House Slated

Open house at Saugerties Girls Club headquarters will be held at the Derby House, John Street, Sunday from 2 to 4 p. m. The building will be open for public inspection.

There are 60 active members in the group which was formed in November of 1957.

Acting Mayor Frank Short will attend for a brief ceremony at the opening. He will be accompanied by Building Commissioner George Terpening Jr., and Town Supervisor Peter M. Williams.

The girls club was given permission to use the building which was purchased by the village for future expansion of the municipal building property.

Mrs. Marian Eckert and Mrs. Marita Stay are adult leaders of the group.

Year of History Attraction Set At Flower Show

The Year of History table in keeping with the theme, "Our Heritage" will be a feature attraction at the Saugerties Society of Little Gardens annual flower show Wednesday at Saugerties Reformed Church. The doors will open at 3:30 p. m. following the judging.

The event this year is conducted in conjunction with the 350th Hudson-Champlain celebration.

The show which continues to 9 p. m., is open to the public.

There will be four sections to be judged, arrangements, horticulture, house plants and junior organizations.

Savings, Loan Marks 25th Year Of Insured Funds

Saugerties Savings and Loan Association will celebrate this month the 25th anniversary of insured savings account in thrift and home-financing institutions, according to Glenford Teetsell, secretary-treasurer of the association.

"Since the Federal Savings and Loan Insurance Corp. was created on June 27, 1934," Teetsell said, "not one penny has been lost by a saver in any of the 3,881 insured saving associations, which can be identified by the FSLIC seal of safety."

Teetsell added that Saugerties Savings and Loan Association qualified for the insurance of its accounts on December 22, 1948. "Since that date, savings account balances in our association have increased 300 per cent and now total \$1,683,577.12," he reported. "During this same period, the association has made 616 mortgage loans. Total mortgage loans in our portfolio now aggregate \$1,568,324.54."

Likes School

SALT LAKE CITY (AP)—She had to travel 66 miles a day to attend classes, but Mrs. Jane E. Larson, 72, didn't mind. She won her bachelors degree in political science Monday at University of Utah's commencement.

"Going back to school is my hobby—a way to keep young," said the mother of four from Ogden, Utah.

Next, Mrs. Larson says, she'll start summer school with an eye to a graduate degree.

After testing all cars, the editors of CAR LIFE, America's foremost motoring magazine, chose RAMBLER

HERE'S WHY: "Rambler is a well-made, efficiently designed, comfortable car with outstanding structural strength and rigidity, smooth, quiet economical operation, outstanding maneuverability in traffic and parking, satisfactory roadability, ride and handling, competitive performance, good operating economy and very significantly low ownership costs—in short, it's our choice for overall best buy among U.S. cars."

● **COST:** "... has a lower initial price, and on the basis of current figures will retain a greater percentage of its original cost than any other car anywhere near its price."

● **STYLING:** "... has developed in just three years into one of the most attractive cars on the road."

● **BODY DESIGN AND CONSTRUCTION:** "Most evident is the solidity of the unit-construction body. On the road there is never a trace of annoying body shake or vibration."

● **INTERIOR:** "... an extremely comfortable car for all six passengers because the centers of both front and rear seats are not crammed down close to the transmission housing and driveshaft tunnel."

● **HANDLING AND ROADABILITY:** "... amazingly responsive and maneuverable at moderate speeds."

● **QUALITY:** "... gets high marks in quality of manufacture."

Driver Injured Sunday Collapses, Dies in Motel

ROUND LAKE, N. Y. (AP)—A truck driver who was injured in an accident at Burlington, Vt., Sunday, is dead after collapsing in a motel.

Police said Jesse C. Corder, 39, of Louisville, Ky., was injured when he fell from a car-carrying trailer he was unloading in South Burlington. He struck his head on a metal ramp and was taken to the Mary Fletcher Hospital in Burlington. Two stitches were needed to close a wound in the back of his head.

Corder was told to return Monday for further treatment. However, police said, he drove here and registered at a motel. He was found unconscious in his room Monday and died in an ambulance en route to a hospital in Saratoga Springs.

More State Firms Resort to Nuclear Materials: Report

BUFFALO, N. Y. (AP)—New York State firms using nuclear materials have increased by one-third in the past two years, Industrial Commissioner Martin P. Catherwood said today.

In an address prepared for delivery at a Nuclear Safety Institute at Canisius College, Catherwood said the State Labor Department's Division of Industrial Hygiene was able to keep up with the expansion by continued inspections.

"In essence," he said, "the key to successful achievement in this industry is the further development of the technology for radio-logical safety, that is, the techniques and procedures for controlling the hazardous effects of nuclear energy."

Catherwood said that 90 per cent of the registered users of nuclear materials are conforming completely to state safety requirements, with 10 per cent lagging in maintenance of records, warning signs and labelling.

Today's Business Mirror

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—President Eisenhower proposed today to give the savers a break. It's been a long time coming.

Those who buy U.S. savings bonds—whether at their bank or through payroll deductions—may see their returns from new purchases go up by one half per cent to 3 3/4 per cent.

And there's sweetening proposed for those who are holding bonds—despite the jeers of their neighbors who have been piling up profits (at least paper ones) in the stock market. The yield on outstanding savings bonds, even those that have matured, may be raised.

Should you cash your old bonds to buy new ones? Better look carefully before you do. When and if the Congress agrees to the President's proposal, the Treasury is likely to increase the yield by shortening the maturity time of the new bonds.

Present E bonds yield 3 3/4 per cent if held to maturity—8 years and 11 months. In the early years after purchase the bonds yield much less if redeemed.

To increase the yield at maturity to 3 3/4 per cent the Treasury is likely to shorten the period of maturity (you'll still pay \$75 for a \$100 bond).

But, as in the case of the present bonds, the 3 3/4 per cent yield won't be paid if the bonds are redeemed in the early years after purchase.

Before redeeming your present bonds you should study the maturity tables to see how much you'll get for them and how long you'll have to hold the new bonds before they yield you as much as your present ones now do.

There also is a tax angle—especially those who are holding bonds that they expect to redeem only after they retire.

Those who haven't been pro-rating the interest on the bonds each year, but are waiting to pay income tax on the interest in one lump after they finally redeem them, may do well to wait until they retire. Their annual income will be lower then and the interest won't land them in an expensive higher bracket.

The Congress may or may not agree with the President on raising bond interest rates. But raising rates on savings bonds will be more popular than some other of the President's proposals.

Why does the Treasury want to pay higher interest rates on your savings bonds? First, at present rates more bonds have been turned in for redemption than new bonds have been sold.

Those who redeemed them were lured by higher returns from other investments.

That's a drain on the Treasury—at a time when it's been running a deficit—that it can't afford.

Second, sale of savings bonds is almost free of the taint of inflation. They can't be sold, as many other government securities can—only redeemed. Thus they take money out of circulation as long as they are held.

DO YOU REMEMBER

By SOPHIE MILLER

Every once in a while the curfew laws are discussed. The April 1906 curfew law which had been adopted then but in recent years forgotten was usually carried out by all concerned in our day. It was very simple, requiring that all persons under 16 years of age be off the street after 9 p. m. in summer and 8 in fall and winter. In those days children did not talk back or even look in the face of a policeman, for when the curfew sounded all the youngsters took to their heels for home, and the streets were left to the grown-ups from then on.

Marius Schoonmaker, who wrote "History of Kingston" in 1888 and discusses their curfew also. This was dated April 29, 1814: "Resolved that Principal Jabez Munsell be requested to see that all the students of the academy are at their lodgings in summer by 8 o'clock and 7 in the winter."

There is a notation of Dec. 9, 1806 that the principal's yearly salary be \$700. In May of 1809 an item reads "Resolved that scholars be charged \$15 per year except young ladies learning reading, writing, etc., be charged \$10, and those scholars in the English School also be charged \$10."

There is also mention that the trustees had a monthly examining committee who were "instructed strictly to examine into the education of the students."

They found that the principal had failed somehow to produce required results and soon after they mention an appointment of another principal.

They were very strict and strait-laced in the academy. In 1802 such an item appears: "Resolved, that in case any student shall hereafter be guilty of absenting himself from any public examination without a reasonable excuse to be made to, and approved of by the principal tutor and at least two of the board of trustees, he shall suffer the punishment of a public reprimand; and for a second offence be expelled from the Academy, and not again admitted as a student."

On Jan. 3, 1803 the Board of Trustees, "resolved, that if at any time hereafter any student belonging to the academy shall be found guilty of playing cards, or to gamble, or to play at any other game in a tavern, public-house, or any gambling-house whatever, and the same shall be proven to the satisfaction of the trustees, he or they so offending, shall be liable to be expelled from the Academy. And that the names of the offenders, together with the reasons of their expulsion, be printed in the public papers at the option of the trustees." (Yet on the other hand, they ran a lottery, after the burning of Kingston by the British, to rebuild the court house in the late 1700's.)

In favor of the Kingston Academy which was established in 1774, around 1803 part of the following is written. Although the Academy was run at the time with just tuition money, they were able to provide able teachers and from the small number of scholars they were able to turn out men who held such high offices as lieutenant governor and president of the senate, a speaker of the assembly, a justice of the supreme court, a mayor of one large city, and both mayor and recorder of another, a number of National and State Legislators, besides professional men of law, divinity and physic.

Apalachin Guest Held in Havana

HAVANA (AP)—Another Apalachin delegate is under arrest.

Police said Monday night they had picked up Santo Trafficante Jr., former Havana gambling casino operator who long has been linked with gambling in Tampa, Fla.

Authorities gave no reason for detaining the 43-year-old Trafficante except to say they want him for questioning. They said they had been seeking him for some time.

The U. S. Senate Rackets Committee also wants to question the gambler about his presence at the gangland convention in Apalachin, N. Y., on Nov. 14, 1957.

Trafficante headed the Sans Souci Casino until it was closed when Fidel Castro's forces took

over the government. He also had a controlling interest in the Deauville, Sevilla Biltmore and Commodore.

Police said they picked up Trafficante at his apartment and hauled him off to headquarters.

Will Discuss Disposition of Cottickill School

A committee of Rondout Valley Central School board members, school supervisors and other interested parties will meet early this week to discuss the closing of Cottickill School and disposition of the pupils attending.

The meeting was scheduled at a recent board meeting at the request of Rosendale-Cottickill Parent-Teachers Association.

The committee includes: Elwood Osterhout and Kevin Reynolds, members of the school board; Superintendent Principal Edward T. Green, and Superintendent of Schools Lester Roosa.

They will discuss the possibility of petitioning the board of education to hold a special meeting for voting on the disposition of the building when the new high school is completed.

For the past year, children from fourth through sixth grades residing in the Rosendale-Cottickill area have been attending the Cottickill School. Third grade pupils of Cottickill also attended the school.

Other board decisions included the awarding of the contract for installation of window shades in the new additions to Wonderley's of Kingston. Their bid was \$1448. The other bidder, Boulevard Decorators of Albany, bid \$1,696.50.

The following teaching appointments were made on the recommendation of the Supervising Principal Green and Superintendent of Schools Roosa: Mrs. Margaret Shea Donnelly, Rosendale, third and fourth grades, Cottickill Building.

Mrs. Barbara Dix Clarke, Accord, fourth grade, Accord Building.

The school calendar for the school year, 1959-60, was adopted. The calendar calls for the opening of school on Wednesday, Sept. 9 and closing on June 24, 1960.

The architects, Harry Halverston and Alfred Claus, were present to discuss the building program. Much discussion centered around the use of material for back fill.

Arthur Larsen of Larsen and Johannsson, contractors, was present to discuss building matters with the board. He requested that punch lists be prepared for the additions as soon as possible. These are lists of items which are to be adjusted in the building program. In addition, Larsen requested that the architects process his requisitions for the maximum amounts, as soon as possible. This matter was referred to the school attorney, Thomas Plunkett, attorney for the board, was appointed as insurance advisor.

Upon the recommendation of the supervising principal and district superintendent of schools, Mrs. Elsie Altholz of Kerhonkson was appointed to an elementary teaching position in the Kerhonkson unit.

Frank Race, clerk of the works on the building project, gave his report. The architects were requested to provide prices for the inclusion of a vault door in the general office of the new high school. They were advised that no change in the lighting of the new building is contemplated at the present time.

The desire of the board to write the specifications for the equipment and furniture for the new building was made a matter of record and transmitted to the architects.

Resignations, received from Miss Edna Merritt, Mrs. Carolyn Patterson and Mrs. Margaret Quinn were accepted with regret.

A program to provide reading instruction for remedial purposes during July was approved by the board. Authorization was granted for the employment of two teachers for one month to undertake this program.

Air Force Will Take Over Naval Station at N-F

BUFFALO, N. Y. (AP) — The Naval Air Station at nearby Niagara Falls will be taken over by the Air Force, the Buffalo Courier-Express said today.

The paper said that the Air Force 15th Fighter Group will occupy the base and that the Army's 2nd Air Defense Unit stationed at Niagara Falls may also use part of it.

There had been speculation that the Air Force would take over the base since the Navy announced last December that it planned to suspend operations there.

The Courier-Express said it had learned the transfer would involve only the 22 acres of the station owned by the federal government. Another 23 acres had been leased by the Navy from the city of Niagara Falls.

People Must Not Be Neutral, Is Governor's Advice

HOUGHTON, N. Y. (AP)—The governor of Oregon says that people must not be neutral in world affairs.

Gov. Mark Hatfield, a Republican, said Monday that "to be non-partisan is representative of true ignorance."

"Man cannot be neutral," he said. "He must take a positive stand on intelligent understanding."

Hatfield addressed a Houghton College graduating class of 75. He was awarded an honorary doctor of laws degree.

Navy Missile Used To Deliver Mail

JACKSONVILLE, Fla. (AP) — The Navy today made the first successful delivery of U.S. mail by a guided missile. The missile was fired from a submarine at sea to the Navy's auxiliary air station at Mayport, Fla., at the mouth of the St. John's River near Jacksonville.

Postmaster General Arthur E. Summerfield announced the successful delivery at a hastily called press conference an hour and a half after a Navy Regulus I was brought in to Mayport.

The distance traveled by the missile was not disclosed. The Navy would say only that the 60-foot missile was fired from international waters off the coast — meaning more than three miles out.

The missile was fired at 10:10 a.m. and landed safely at 10:32 a.m., the department said.

Summerfield, describing the event in a telephone conversation with the Washington Evening Star, said it was a dramatic sight.

He reported the wheeled missile made a perfect landing on the runway, trailing a parachute to slow it down.

The weight of the payload was not immediately disclosed, but Summerfield said postal workers were ready for it.

They unloaded the mail, processed it and sped it on its way.

Canadian Corps Will Compete In Local Pageant

Two prominent Canadian corps will be featured in the fifth annual Pageant of Champions drum and bugle corps competition sponsored by Port Ewen Drum and Bugle Corps Saturday, July 11 at 8 p. m. in Dietz Stadium.

The Jolly Jesters of Toronto, Canada, a very unusual corps will be seen for the first time in this area. Colorfully attired in clown outfits, their entire performance will provide a humorous note to the occasion.

The other Canadian corps will be the Port Delhouse Guardsmen, also to be seen in this area for the first time. This group will present an unusual Canadian military style of marching and music.

Three other outstanding marching-manuevering drum and bugle corps will also compete for cash awards.

Reserved seat tickets will go on sale in the near future.

Jury Clears Indian In Stabbing Death

LITTLE VALLEY, N. Y. (AP)—A grand jury has cleared an Indian of first-degree manslaughter charge in the stabbing death of his nephew.

Abner Kettle, 30, was released from jail Monday after a Cattaraugus County grand jury returned a "no bill" in the case.

Kettle was arrested in April after the knifing of 16-year-old Charles Plummer on the Allegany Reservation. Police said the light occurred at a drinking party.

Kettle said he had slashed Plummer in self-defense.

Visit to Haverstraw Hospital Is Made By Area Nurses

Thirteen professional nurses and five students took advantage of a day of observation in the Departments of the New York State Rehabilitation Hospital at West Haverstraw last Friday, arranged by District 11 of the New York State Nurse Association. An introduction to the total program was given by Miss McEwan, Director of Nursing Service, at the Hospital before the nurses were assigned to guides who escorted them to areas where patients were being tested and trained in physical and vocational activities.

The purpose of the day's tour was to give the nurses of Ulster and Greene Counties the opportunity to have personal experience in the environment to which many residents of these counties are assigned. Dr. Seymour J. Bluestone, Director of the Hospital closed the day's schedule with an informal discussion of some of the phases of the progressive servient to which this hospital is attempting to render.

Nurses who spent the day at the Hospital were Miss Mary Becker, Miss Phyllis Fredenburgh and Miss Ursula O'Sullivan of Greene County; Mrs. Pauline Ganter, Mrs. Marie Brokema, Mrs. Dorothy Gunzelman, Miss Kathryn Heavey, Miss Wilma Jones, Mrs. Gordon Kent, Mrs. Merikle, Miss Barbara Oehrlein, Miss Minnie Story and Mrs. Elsie Zimmerman of Ulster County; and the Misses Cora Rowan, Eileen Babiarz, Charlotte Balfano, Joanne Bouldin, and Shirley Bower, members of the Student Nurses Association of New York State.

American Field Service Selects KHS Student To Spend Summer Months Abroad in Finland

MISS CAROLYN MYER

(Freeman photo)

Thrilled with the prospect of spending the summer months in Finland, Carolyn Myer, 16, is eagerly looking forward to June 18 when she will board the Holland-American Line "Zeiderkruis" for her trip abroad.

The daughter of Mr. and Mrs. Ernest C. Myer of Hurley, Carolyn was notified by the American Field Service which thoroughly investigates the families in Europe before they send any student to live with them.

The Py family is also getting ready for their American visitor and word has reached Carolyn that plans are underway for a month's camping trip around Finland. This will give her an excellent opportunity to see a great deal of the country.

Although most exchange students have traveled by sea to and from Europe, Miss Myer said she was surprised to learn she will be returning to America by plane. She expects to return to the U. S. early in September. This will allow her even more time in Finland.

Excitement runs high these days for Carolyn Myer. One of the important items—what to wear. No doubt, Carolyn will be busy delving into geographic books to learn as much as possible about her summer residence.

Miss Myer will represent the Kingston High School Prisma Society, which conducts a magazine campaign each year solely for the purpose of sending one of its students to Europe. Prime sponsor of the foreign exchange program is the American Field Service which thoroughly investigates the families in Europe before they send any student to live with them.

AN OVER-FRIENDLY NEIGHBOR

Dear Mrs. Post: I moved to the suburbs about six months ago and like living here very much except for one thing—overly friendly neighbors. There is one in particular who lives next door to me who thinks nothing of running in and out of my house every chance she gets. I am busy all morning with household chores and I find this constant intrusion very annoying. Will you please tell me how to cope with this situation without being unduly rude?

Answer: Your problem of an overfriendly neighbor is a serious one that has no satisfactory solution. Try, without being rude, to be less than enthusiastic when she comes in. If this does not help, be busy and ask if she won't come back later, or tell her frankly that you don't like to be seen even by her until you are dressed for guests and your house is in apple pie order.

'How Do You Do' vs. 'Hello' Dear Mrs. Post: I think it is too formal to say "how do you do" when introduced to young people of my own age (I'm 13). Mother thinks this may be true, but she also thinks that "hello" or "hi" isn't just the thing to say to strangers, no matter how young they are. I would like your opinion.

Answer: When you are introduced to an older person, it is correct and not too formal to say "how do you do." "Hello" or "hi" is quite all right when you are introduced to anyone your own age.

A Dinner Napkin

Dear Mrs. Post: I have noticed quite a few people who, after they are seated at table, pick up the napkin and shake it open before placing it on their laps. Is this proper?

Answer: You should not shake your napkin open; you partially unfold it and lay it across your lap.

Mrs. Post offers readers leaflets on a variety of subjects concerning etiquette. If you would like to have her leaflet E-16, entitled "Table Rules of Importance," send 10 cents in coin to Dept. E.P., care of The Freeman, P. O. Box 99, Station G, New York 19, N. Y. Mrs. Post is sorry she cannot answer personal mail. (Released by The Bell Syndicate, Inc.)

County AHRC Unit Names Roster of New Officers

Members of the Ulster County Chapter of the Association for the Help of Retarded Children at the annual meeting held recently in the music room of the George Washington School, elected a slate of officers headed by James F. Edgerton, of Kingston, president.

Mr. Edgerton is employed as placement counselor with the personnel department of IBM Corp. Born in Washington, D. C., he was educated in the Washington public schools, and upon graduation he attended the University of Maryland. Later he returned to his native city where he entered and graduated from the Capitol Radio Engineering Institute.

He commenced his career as technician consultant for a series of radio stations, residing in St. Johnsbury, Conn., for eight years. After affiliating with IBM, Edgerton served the corporation at Brunswick, Maine, North Syracuse, N. Y., and more recently at Bordentown, N. J.

He resides with his wife and two children, James, 3, and Natalie, 8, at Hemlock Street, Forest Glen, Kingston.

Directors Elected

Other officers elected were, Lawrence Kriehbaum, Saugerties, vice president; Mrs. Arthur Eymann, Kingston, recording secretary; Mrs. Michael Di Benedetto, New Paltz, corresponding secretary; Arthur Eymann, Kingston, treasurer, and Donald Muller, Stone Ridge, financial secretary.

Elected members of the board of directors were, Mrs. Emil De Luca, Kingston, and Mrs. James Pfeiffer, Glencliff, second two-year terms; Mrs. J. A. Corbello, Port Ewen, and Louis Berger, Ellenville, attorney, first two-year term.

Mrs. Nicholas Sciortino, Highland, retiring president, welcomed members and guests and expressed appreciation for the dedicated service of members of the Ulster County Chapter, AHRC, and the increasing number of interested citizens in the area. Mrs. Sciortino attributed the dynamic growth of the local chapter throughout the area to the "tireless efforts and devoted service" to all.

Donald Muller paid special tribute to Col. Frank W. Harkin, commanding officer of the 1st New York Army National Guard, county chairman of the chapter's fund-raising campaign. In recognition of his services Colonel Harkin was cited for helping to assure the success of a better understanding of the mentally retarded child and for providing opportunities for rehabilitation and achievement for children who are mentally retarded. Colonel Harkin presented a certificate of appreciation.

Others Are Cited

Also cited for their support of the drive were: David J. Murphy, Highland, county chairman of the AHRC drive, and William C. Bond, Saugerties, IBM New York editor and drive publicity chairman, who are members of the central committee.

Certificate awards for meritorious service in the campaign were presented to the Kingston Daily Freeman, the Kingston Ulster Press, radio stations WKNY and WGHQ; Edgar M. Maurer, county commander of the American Legion; and the following community chairman: Louis Berger, Ellenville; Clarence Osterlander, West Hurley; Mrs. Herbert Snyder, Saugerties; Mrs. Irving Hinkleman, and Mrs. Ralph Gabrielli, New Paltz; Vincent Somerville, Phoenicia; Mrs. Benjamin Ean, Ardonia; George Moylan, Rosendale; Mrs. Calvin Wygant, Vincent; Vincent Glasco; Mrs. Robert Winchell, Halcyn Park; and Mrs. Donald Muller, Stone Ridge.

Following the recognition ceremony, Mrs. Robert Rolfe, of Kingston, program chairman, presented the guest speaker, Augustus M. Jacobs, first vice president, State Association for the Help of Retarded Children, to the group. Jacobs, a New York City attorney and State AHRC Legislative chairman, used the "legal point of view" as a spring board to point up the major differences between New York State AHRC organization and other state associations across the nation. "Whereas other state associations are corporations in which each individual chapter is affiliated as a separately incorporated body, New York State is a single corporation with some 32 member chapters within the state. He went on to say that partly because of origin in this manner and partly because of a very strong conviction, the State Association and the individual chapters are not considered as separate entities but rather as people working for a common cause.

Method Outmoded
The former method of establishing the state association's budget upon 10 per cent of each member chapter's proceeds from a major fund-raising campaign is outmoded. This method left the state Board of Governors with an extremely vague plan of action for the overall good of all chapters. Presenting the new financial setup of the state association, Jacobs pointed out that the future budgets will be based upon the needs of the member chapters and the plan of action for the state organization. He estimated the state budget at \$50,000, with the accumulative chapter budgets reaching the one-million dollar mark. Each chapter will be assessed proportionately to its annual budget.

Speaking of the state association and its member chapters, Jacobs emphasized the following as areas of a common need demanding strong loyalty and cooperation between the two groups: (1) an active legislative program with

an experienced lobbyist; (2) Projects centering around the founding of both educable and trainable classes; day care centers; and camps; (3) establishing clinics and developing or expanding their services; (4) founding sheltered workshops; (5) and promoting "open regional" meetings whereby more chapter members may participate in workshops geared to their needs so that they may function more effectively within their local chapters.

During the question and answer period following his talk Jacobs discussed at length the state legislative program of action during the recent legislative session and its impact upon the work of the chapters throughout the state.

Reports Heard

Reports of standing committees of the local chapter were presented in a Program-of-the-Evening distributed to the group. Outstanding achievements indicated by the reports were: formation of additional classes for both the educable and the trainable children throughout the county; considerable increase in active chapter memberships; greater chapter participation in recent legislation for the benefit of the mentally retarded; formation of parent study groups; assisting parents in institutional placement of their children; providing counseling services for parents and children; expansion of library facilities at the AHRC office, 286 Clinton Avenue, Kingston; initiating a survey and study aimed at establishing a clinic; initiating a successful co-educational camporee for teenagers; developing and expanding the summer day camp program for both trainable and educable children in cooperation with the Jewish Community Center at the new Jay-Cee-Cee camp site on the Old Hurley Road; and numerous other projects for the welfare of the mentally handicapped.

During the concluding part of the business session, the group decided to hold a Family Picnic during the latter part of August. Mrs. Robert West of West Camp was appointed general chairman of the affair to be assisted by Mrs. Emil DeLuca and Mrs. Dorothy Smith of Kingston, and Lawrence Kriehbaum of Saugerties.

Refreshments were served following the meeting by Mrs. James Pfeiffer, hospitality chairman, assisted by Mrs. Fred Craft, and Mrs. Robert West.

Denies Soviet Help

HAVANA (AP)—Prime Minister Fidel Castro Monday night denied that Soviet officers are training the Cuban armed forces or that a Soviet arms ship has arrived off Cuba.

Castro told a meeting of lawyers that the allegations by a former rebel army officer in Miami, Fla., were part of an insidious campaign being waged against his revolutionary regime.

Screen Favorite Dies

LONDON (AP)—Actor Sonny Hale, 57, a British stage and screen favorite for more than 25 years, died today of a throat infection.

The star was admitted to the hospital last Thursday. It was the day on which the play "The French Mistress," which he wrote and in which he starred, was to have opened in London. His sister is musical comedy star Binnie Hale.

Following the recognition ceremony, Mrs. Robert Rolfe, of Kingston, program chairman, presented the guest speaker, Augustus M. Jacobs, first vice president, State Association for the Help of Retarded Children, to the group. Jacobs, a New York City attorney and State AHRC Legislative chairman, used the "legal point of view" as a spring board to point up the major differences between New York State AHRC organization and other state associations across the nation. "Whereas other state associations are corporations in which each individual chapter is affiliated as a separately incorporated body, New York State is a single corporation with some 32 member chapters within the state. He went on to say that partly because of origin in this manner and partly because of a very strong conviction, the State Association and the individual chapters are not considered as separate entities but rather as people working for a common cause.

Method Outmoded
The former method of establishing the state association's budget upon 10 per cent of each member chapter's proceeds from a major fund-raising campaign is outmoded. This method left the state Board of Governors with an extremely vague plan of action for the overall good of all chapters. Presenting the new financial setup of the state association, Jacobs pointed out that the future budgets will be based upon the needs of the member chapters and the plan of action for the state organization. He estimated the state budget at \$50,000, with the accumulative chapter budgets reaching the one-million dollar mark. Each chapter will be assessed proportionately to its annual budget.

Speaking of the state association and its member chapters, Jacobs emphasized the following as areas of a common need demanding strong loyalty and cooperation between the two groups: (1) an active legislative program with

Propeller Kills Man in Truck

NEW YORK (AP)—A flight engineer sitting in a panel truck was fatally injured today by the propeller of a Trans World Airlines Constellation being readied for a flight from Idlewild Airport.

Police said the left inside propeller of the four-engine plane sliced into the roof of the truck when the plane rolled about 50 feet before the engines were being warmed up shortly after midnight. The truck was parked alongside.

Dante Lugano, 39, of Dumont, N. J., one of two flight engineers in the truck, was fatally injured.

Kenneth Teasdale of North Branford, Conn., was standing in the driver's seat as the plane approached. He leaped from the truck and escaped injury.

Police were told a mechanic was alone in the plane at the time.

The plane, under charter to the Army, was about to be flown to Dover, Del., to pick up cargo for transportation to Germany.

Dies of Injuries

UTICA, N. Y. (AP)—Mrs. Donald Creedon, 31, of suburban New Hartford, died in a Utica hospital Monday night of injuries suffered Sunday in a two-car collision on Route 26, four miles north of Oriskany Falls.

Surgeon Reports Use of 'Jack' To Help Spine

By FRANK CAREY

Associated Press Science Writer

ATLANTIC CITY, N. J. (AP)—

Successful use of a metal "spine jack" to reduce curvature of the backbone was reported Monday by a New York orthopedic surgeon.

The jack, about six inches long, operates much the same as the jack you use to raise the front end of your automobile. But, instead of lifting something, it's attached to the curved spine in such a way that it presses against the two extremities of the curve, tending to straighten it again.

The average American drinks less than one-half gallon of water daily.

Taboo and tattoo are the only Polynesian words in the English language.

Dr. H. Leslie Wenger of New York City described its development in a scientific exhibit at the opening of the American Medical Association's 108th annual meeting.

The jack is inserted during a surgical operation, attached to the curved spine by means of two special screws inserted through vertebrae, and then elongated with an end-wrench until the maximum correction of the curved spine is attained.

The instrument is left in the body indefinitely. Wenger told of several cases where the jack has now been in place for periods up to more than four years.

The average American drinks less than one-half gallon of water daily.

Taboo and tattoo are the only Polynesian words in the English language.

Alpine Wins Eighth Straight, 4-0

Hank Passante Keeps City Loop Club Unbeaten

Hank Passante and his Alpine Tavern teammates continue to sparkle in the City Softball League. Last night the Highland entry won its eighth straight contest by shutting out Shannon's, 4-0. Passante allowed just five hits in picking up the decision.

In other league action, Subway trounced Pat and George's, 7-3, and Chez Emile walloped Katsbaan, 9-1.

The Passante brother act was again evident last night. While Hank was spinning his shutout, brother Eddie (the man with the gouter) banged out three hits including two robust home runs. Catcher Len Williams also got into the long ball act with a homer to account for the other marker.

Passante (Hank that is) walked only one batter while striking out five. The five hits off his slants were all singles.

Subway took an early lead against Pat and George's. Cole made it stand up. Ronnie had a perfect 4-4 night including a home run as he led an 11-hit attack. Losing pitcher Frank Coulard socked a triple and his batterymate John Back had two three-base blows.

A home run by Ronnie Schefel in the second inning was the only run for Katsbaan in the drubbing by Chez Emile. The winners had nine hits and used two big scoring innings to achieve their win.

District Secretary

Case Slated to Speak To Babe Ruth Parents

Dick Case, District Secretary of the Babe Ruth League, and Physical Director of the Kingston YMCA, will be the speaker on Thursday night when parents of boys playing with teams in the Babe Ruth League are invited to attend a meeting. The program will start at 7 p. m. at the Elks Club.

The popular Port Ewen resident has served in the BRL local area and state programs since it started in 1952 and again in 1953. He became assistant district director in 1954 and district No. 7 director the following year.

After acting as area director in 1956 for Northeastern New York, Case was appointed to the assistant directorship post in 1957. He was elected to the top state in 1958 and reelected again this year.

Kiwanis Babe Ruth Club Slates Practice

Members of the Kiwanis Babe Ruth League team will practice tonight and Thursday at 6 p. m. at Dietz stadium, according to Manager John Gilpatrick.

Yankees Seek Revenge Against Western Clubs

NEW YORK (AP) — Manager Casey Stengel of the New York Yankees isn't through "settling the score" with the rest of the American League.

The grizzled pilot said today he wouldn't be happy until the Yankees wiped out the shame of losing six of their first seven Yankee Stadium games against the Western teams. He expects his players to atone for this lapse during the current Western invasion which starts with tonight's game against Kansas City. The Yankees have won nine of their last 11.

"They caught us when we were down, explained Casey. 'It should be different this time. We're up now.'"

The defending world champions, a sorry looking lot during the first six weeks of the season, definitely are "up" now.

Although still in sixth place, they are only 3 1/2 away from the top and have lost only two more games than the first place Chicago White Sox. The Yankees' early season failure has made this the closest race in years. Only six games separate the first and last place teams. A Yankee victory tonight together with a Detroit defeat would boost the Yankees into the first division.

Orioles Are Last In Hitting, But Second in League

By GORDON BEARD

BALTIMORE (AP) — Statistics are like bikini bathing suits. What they reveal is interesting, but what they conceal is vital.

Take the Baltimore Orioles for instance.

The Birds are last in American League hitting averages and seventh in field. The three pitchers expected to top the staff this year—Billy O'Dell, Jack Harshman and Arnold Portocarrero—have a combined record of 2-15. Bob Nieman is hitting .238.

So where does that leave the Orioles? Second place in the league, one game behind the Chicago White Sox.

Despite their lowly 236 team average, the Orioles do have solid batters in Gene Woodling, Willie Tasby and Gus Triandos.

Woodling ranks fifth in the league with a .313 average and has knocked in 30 runs. Tasby recently slipped under the .300 mark for the first time but he still showed a .288 average with 23 RBIs. Triandos leads the club in homers and runs batted in. Gus has 13 homers and 36 RBIs to rank third in the league in each department.

On the mound, Hoyt Wilhelm all but makes Manager Paul Richards forget about the flops of his other hurlers. The knuckleball specialist is tops in the majors with a 9-0 record with three shutouts among his eight complete games. He has an incredible .996 earned run average and has yet to yield a home run ball in 90 1/3 innings.

New Paltz Teachers Netmen Capture 9th Win in 10 Starts

New Paltz State Teachers College tennis players finished one of their best seasons ever yesterday by avenging an early season setback and trimming Albany State Teachers, 6-3, at the Ulster County courts. Dr. Charles Wolbers' team finished with a 9-1 mark and a string of eight straight wins.

The visitors split six singles matches with New Paltz but lost three doubles matches. Albany had an 8-2 mark for the season.

In singles, Gordon Krajna, the New Paltz ace, won a hard fought 6-3, 6-1 decision over Bob Kamps of the visitors. Hal King (NP) won, 6-0, 6-2, over Ed Vesneski and Ron Mutchnik (NP) decided Lou Wolner, 6-2, 6-2.

Losers in the singles for the Ulster County crew were Jack Gajle to Carl Penrid, 6-4, 2-6; David Johnston to John Royston, 1-6, 4-6; and Jack Seidner to Dave Baum, 1-6, 2-6.

In the doubles, Krajna and Gajle defeated Kamps and Penrid, 6-2, 7-2 to start the proceedings. Then King and Johnston beat Vesneski and Wolner, 6-2, 8-6 and Seidner and Mutchnik beat Bob Austin and Royston, 6-4, 4-6, 9-7.

OUT OF DOORS with Field & Stream

BY AL McCLANE
Fishing Editor

It's no great chore these days to sample the primitive areas.

One of the best organized fishing packages in Alaska is the Northern Consolidated Camps located in the Katmai National Monument — or Federal Park.

The layout comprises five separate camps scattered throughout a wide area, but easily reached by bush flights from the main base at Brooks River.

All species ordinarily are at peak abundance in July and August. Accommodations at Brooks River are mostly under canvas (wood floor).

The fishing is done in a rugged, mountainous landscape not far from the volcanic peaks of the Valley of Ten Thousand Smokes. Although there is some lake casting, the peninsula is drained by crystalline, gravel bottomed rivers easy to wade.

Rainbow trout from one-and-a-half to five pounds are numerous. Fish of 10 pounds or more are a possibility. Grayling usually run from one to two pounds, provide excellent dry fly fishing.

More unique perhaps is the sockeye salmon which in other parts of the Northwest rarely strikes artificial lures, but at Brooks this species readily hits a streamer fly. The sockeyes vary from five to 10 pounds.

Travel by Northwest Airlines to Anchorage and then via Northern Consolidated to King Salmon. At King Salmon a float-plane service operated by John Waiatka will take you.

Both airlines are part of an economical all-expense package deal, which includes transportation to Brooks River, the bush flights, accommodations and meals, angling license and guides where needed.

The package price for one man for seven days of fishing ranges from \$550 if originating in San Francisco to \$730 when flying from New York.

Grays Still Lead Eastern Circuit

By THE ASSOCIATED PRESS

The Williamsport Grays, a game and a half ahead of Allentown in the Eastern League race, are showing the kind of come-from-behind form that wins pennants.

Jackie Davis is one of the big reasons.

The Grays were behind 4-1 until the ninth inning Monday night in their game with the second-place Sox. Then Davis came to bat and cleared the bases with a double which sent the game into extra innings. In the 11th, Fred Van Dusen and Davis hit back-to-back doubles for the winning Williamsport run. The final score was 5-4.

In other games, Binghamton won 3-2 over Lancaster on Leroy Thomas' two-out, two-run single in the ninth. Albany licked Reading 5-2. Thomas' big hit came after a single by Dave Davis and a double by Tony Asaro, and gave Rudy Serrett his fourth victory against one loss.

Tonight's Games: Lancaster at Binghamton; Allentown at Williamsport; Springfield at York.

Four Suspended At Batavia Downs

BATAVIA, N. Y. (AP) — Four drivers at the Batavia Downs harness track, including two of the track's leaders, have been temporarily suspended for unsatisfactory performances.

The judges announced Monday night that in the eighth race last Friday the four "drove in a manner unsatisfactory to the judges due to indifference or lack of effort."

The drivers finished second through fifth in the race, a \$1,200 pace. They received a five-day suspension, ending Saturday.

The drivers are William (Bud) Gilmour of Hamburg, the top driver here and one of the leading dash winners in the nation; Levi Harner of Bloomsburg, Pa., runner-up driver at the Downs and Levi's Gilmour's father-in-law; Levi's Gilmour, and William E. Popfinger, Wexford, Pa.

Alcatraz Island, in San Francisco Bay, derives its name from the pelicans which roosted there in Spanish days.

"MOON BALL" — Earthmen wearing this latest in space-pilot attire could play ball on the moon.

The Mark IV suit, developed by B. F. Goodrich, and the Navy, has remarkable mobility even when pressurized. It's shown at the U.S. Naval Air Material Center in Philadelphia. Just one thing: on the moon, a normal home run would travel half a mile.

CASH ON THE LINE—Andy Kosco, left, became the fifth player in Detroit history to get more than \$50,000 for signing when the 17-year-old outfielder, fresh from a high school near Youngstown, O., was paid \$60,000. He was sought by 15 major league clubs. Cleveland's Johnny McLane, 21-year-old flycatcher out of the University of Southern California, shows batting form which netted him \$50,000. He was sent to Mobile.

Tigers Getting Healthier Face Wins 8th for Pirates

Trounce Bosox, 6-3, To Climb Over .500 Mark

By ED WILKS

Associated Press Sports Writer

Okay, so the Detroit Tigers have been hot since Jimmy Dykes took over as manager a little more than five weeks ago. That you know. But how hot is hot?

If you compute American League standings on performance since May 3, the day Dykes took charge, the Tigers would be leading the league by a whopping six games.

When Dykes relieved Bill Norman the Tigers were last, 10½ games behind Cleveland. They had a 2-15 record.

Now they are only 2½ games shy of first place, have a 24-10 record (.706) and are fourth place, have taken command of fourth place, are over .500 for the first time this season and have won 12 of their last 15 games after winning their fourth in a row 6-3 Monday night at Boston.

Break Tie

It was the only game scheduled in the AL and broke a fourth-place deadlock with Kansas City while moving the Tigers within a game of Cleveland's third-place Indians.

In the National League, Milwaukee regained a three-game bulge with a 9-5 afternoon victory over the Chicago Cubs while Pittsburgh defeated second-place San Francisco 12-9 in an 11-inning night game.

The Tigers, after a brief, 6-2 home stand, opened a 16-game eastern trip behind the six-hit pitching of Jim Bunning and Al Kaline's three runs batted in.

Bunning (6-4), who has picked up all of his victories in seven decisions since Dykes took over, blew a three-run lead when he bled last place with their only walk for all their runs in the fifth inning.

A two-run double by Don Buddin broke Bunning's shutout with two out, and Pete Runnel's single scored Buddin.

The Tigers, who opened a 3-0 lead on Kaline's two-run single in the top of the fifth, broke the tie in the sixth against losing reliever Bill Monbouquette (1-2) as Bunning grounded into a doubleplay. Eddie Yost singled home another run in the eighth and Kaline, who was 3-for-4, hit his 11th homer in the ninth.

Third Over Bosox

It was the third victory in three decisions this season against Boston for Bunning.

Going back to the Tigers "would-be" six-game lead in the AL, nobody has led by more than 3½ this season. Cleveland twice had that big an edge, but both times held it for only one day.

The Chicago game over Baltimore, by a single run, White Sox now lead the New York Yankees have the next best record to the Tigers' in the span of Dykes' stay in Detroit. The champs, who replaced Detroit in the cellar, have a 17-15 record, six games off the Tigers' pace under the chubby cigar smoker. The White Sox and Orioles also are six games behind with 18-16 records.

Cleveland? The Indians are 14-19, 9½ games behind the Tigers' record.

Second All-Star Tilt Set For Aug. 3 at LA

NEW YORK (AP) — Details of the second major league All-Star baseball game this year will be worked out today when Warren Giles and Joe Cronin, presidents of the National and American leagues, respectively, meet with Commissioner Ford C. Frick.

The game, to be played Aug. 3 in the Los Angeles Coliseum, was approved unanimously Monday at a meeting with Frick attended by members of the pension committee and major league player representatives.

Frick said it will be possible to play the game without interrupting the regular schedule, thanks to plane travel. Pressed as to whether the same teams would complete in both games he said that would be disclosed after the meeting.

It was assumed the teams would be the same. Frick said he already had completed negotiations for radio and television rights for the second game. The agreement, with the same sponsor, calls for \$250,000, the same sum as for the first game. The regularly scheduled game will be played in Pittsburgh July 7.

The second game is scheduled for this year only, and Frick said if it is successful consideration then will be given to continuing it through 1960 and 1961.

Receipts of the second game will be split on the same basis as prevails for the first game—60 per cent to the players' pension fund and the remaining 40 per cent to the central fund of the major leagues.

the Giants, giving up a single by Bill Mazeroski, a sacrifice and an intentional walk to Dick Groat before Bright batted for Face.

Kravitz Homers

The Pirates also got a solo first home run from catcher Danny Kravitz, who came on after Smoky Burgess was struck on a glancing blow on the head on Giant shortstop Andre Rodgers' throw to first base in the first inning. Felipe Alou and Willie Kirkland homered for the Giants.

Willie Mays, who dropped 21 points to .321 over the weekend, was benched by a "little rest" that ended when Willie singled as a pinch-hitter in a three-run eighth. Mays was 2-for-2, but bruised his side while sliding and switched from his normal center field post to left field.

Low Hits, Hurls

Low Burdette was almost the whole show for the Braves, batting 4-for-4, driving in 4 runs and winning his ninth. He needed relief help, however, when he finally gave in to the 89-degree temperature in a five-run eighth inning after blanking the Cubs on three hits for seven. Don McMahon saved it.

A seven-run fifth clinched it for the Braves with Burdette's second double scoring three runs. The loser was Seth Morehead (0-3), who was tagged for Ed Mathews' 20th homer, tops in the majors.

SAN FRANCISCO (AP) — A beating ... mystery phone calls ... fight cancellations ... and the value of heavyweight Rueben Vargas.

Those are the subjects for Wednesday's state athletic commission meeting in San Francisco.

The cast of characters reads like a thick Russian novel, at least in numbers.

Jackie Leonard, Hollywood Legion Stadium matchmaker who testified at an earlier commission hearing, was the victim of the beating last week.

Vargas' manager, Bert Brodese, and the fighter's mother as well as Don Chargin, an Oakland promoter currently commuting to the Hollywood for fights there, are involved in the anonymous telephone calls.

The fight cancellation concerns Larry Boardman, a lightweight who pulled out of Saturday's Legion Stadium fight.

Brodese and Ralph Gambina an associate of singer Frank Sinatra, are the feature attraction in the Vargas contract hassle. Brodese claims he sold a chunk of Rueben to Gambina for \$10,000

Waitress Loses Life

BATAVIA, N. Y. (AP) — Mrs. Shirley Kubik, 33, of nearby Darien Center, was killed early today when her automobile struck a concrete abutment on County Line Road, along the Genesee-Erie County line, two miles south of Route 20.

She was a waitress in Buffalo and was on her way home from work at the time. Police said she apparently fell asleep at the wheel.

Albany Man Killed

ONEONTA, N. Y. (AP)—Charles N. Zessin, 46, of Albany, was killed today when the tractor-trailer truck that he was driving flipped on its side and smashed into a guard rail.

State Police said Zessin apparently lost control of the vehicle on a curve at the bottom of a hill and the load of lumber shifted, causing it to flip.

Four White Men, Held for Raping Negro, Face Trial

TALLAHASSEE, Fla. (AP) — Four young white men are to go on trial for their lives here Wednesday. They are charged in the rape of a Negro college girl.

A veteran judge, W. May Walker, a native of this north Florida area, will preside in Circuit Court.

The court has summoned 156 prospective jurors—all men. A few are Negroes.

In the county jail, awaiting trial, are William Collinsworth, 23, a telephone lineman; Patrick G. Scarborough, 20, an Air Force enlisted man; David Beagles, 18, a high school senior; and Ollie Stoutamire, 16.

Only Collinsworth has been able to hire a lawyer. The others have court-appointed lawyers.

His attorney, S. Gunter Toney, has been preparing to enter a plea that Collinsworth was insane at the time of the alleged rape.

A private psychiatrist who examined Collinsworth described him as a moron with the mind of a 9-year-old.

The four are charged with taking the Florida A&M University coed from her escort at gun point May 2 and raping her. Florida law prohibits publication of rape victims' names.

Rape is a capital crime in Florida. No white man ever has been electrocuted in this state for raping a Negro. A convicting jury can recommend mercy.

Results Indecisive

PALERMO, Sicily (AP)—Indecisive results from Sicily's regional assembly elections touched off a scramble today for alliances by Italy's rival political parties.

Once again the balance of power appeared to rest with Silvio Milazzo, rich Sicilian landowner who broke with Italian Premier Antonio Segni's Christian Democrat party last year and took over the autonomous Sicilian government with the backing of the Red left and Fascist right.

In the voting Sunday, Milazzo's Christian Social Union won only 9 of the 90 Assembly seats. But with none of the big parties getting a majority, those nine were the key.

Poachers Given Prison Terms in Slaying Deputy

CARMEL, N. Y. (AP) — Two poachers who pleaded guilty to the fatal shooting of a deputy game warden who caught them last fall were given prison terms Monday.

The warden, Clarence Smith, a father of three, was shot four times.

Martino Anzalone, 29, who said he fired all four shots, was sentenced to 20 years to life in prison on a charge of second-degree murder.

Mario Sesta, 18, was sentenced to 5 to 15 years on a charge of first-degree manslaughter. Both men are from The Bronx.

The warden had warned the pair before against hunting on a private estate in Putnam County. They shot him when he caught them the second time.

Search for Airmen

POLAND, N. Y. (AP)—A search was launched today for two young airmen last seen Sunday when they walked into the Adirondack woods north of here to find a swimming spot.

Seventy airmen from Griffiss Air Force Base at Rome, where the men are stationed, combed a densely wooded, isolated area about eight miles north of this hamlet in northern Herkimer County.

The missing men are A2C Juan F. Butera, 20, of Pittston, Pa., and A2C Anthony Mazzola, 19, of Revere, Mass.

Cleans Out Hotel

ST. PETERSBURG, Fla. (AP) —A man broke into a closed hotel Monday and flung furniture out the windows of rooms on six of the seven floors.

Teen-agers outside the Soreno Hotel were yelling "Go, man, go" when police collared the man on the fifth floor.

He was booked as Bruce Moran, 25, for investigation of breaking and entering. Loss was estimated at several hundred dollars.

Decision Causes Storm

LONDON (AP) — France's reported decision to bar U.S. stockpiles of atomic bombs from French soil created a storm today in the Atlantic Congress, approaching the climax of its six-day London meeting.

Reaction inside delegations to the congress was split.

The Atlantic Congress is an unofficial assembly of some 650 leading citizens from the North Atlantic Alliance countries.

Sen. Estes Kefauver (D-Tenn), a member of the 130-member U.S. delegation, said the French decision called for delicate negotiations with the British and the French.

Fireworks Explosion

ADAMS CITY, Colo. (AP) — A dynamite-like explosion was set off Monday when a heavy truck-trailer crushed a carton of fireworks on U.S. 6 in this Denver suburb. The box of 1,440 cherry bombs tumbled from a panel truck and rolled under the rear wheels of a following truck. The explosion smashed windows in a nearby home, ripped off rear tires from the truck and blasted the semi-trailer unit four feet off the road bed.

League of Women Voters to Meet Wednesday Night

Members of the Board of Directors of the Woodstock Provisional League of Women Voters will meet Wednesday night, 8 o'clock at the home of Mrs. Thomas Horsey.

Prior to the meeting, a buffet supper will take place at 6:45 p. m. in honor of Mrs. Garrett Wilder, bulletin editor of the league. She is leaving soon for the south.
